The salary of such officer shall be fixed in accordance with the rules in force under Section 96B of the Act regulating the salary of an officiating officer.

## DUTIES AND POWERS.

*General.*

9. Subject to any general or special orders of the Secretary of State in Council, the Auditor General shall be—

- (i) the final audit authority in India ; and
- (ii) responsible for the efficiency of the audit of expenditure in India from the revenues of India.

He shall further be, to the extent authorised by these rules, the administrative head of the Indian Audit Department.

10. The Auditor General shall have authority—

- (i) to inspect, either personally or through any audit officer, any Government office of accounts in India ;
- (ii) to arrange for test audit in any Government office of accounts ;
- (iii) subject to any orders of the Secretary of State in Council prescribing the nature and extent of the audit to be applied to specified classes of expenditure, to frame rules in all matters pertaining to audit, particularly in respect of the method and extent of audit and the raising and pursuance of objections.

*Duties and Powers as regards Audit.*

11. (a) The Auditor General, without prejudice to his other audit functions, is responsible that audit is conducted with reference to the following canons, namely :—

- (1) Every public officer should exercise the same vigilance in respect of expenditure incurred in Government revenues as a person of ordinary prudence would exercise in respect of the expenditure of his own money.
- (2) Money borrowed on the security of Government revenues should be expended on those objects for which the Act, authorising the borrowing, provides, and not on works which are not authorised by the Act.

(4) Government revenues should not be utilised for the benefit of particular person or section of the community unless—

- (i) the amount of expenditure involved is insignificant, or
- (ii) a claim for the amount could be enforced in a court of law, or
- (iii) the expenditure is in pursuance of a recognised policy or custom.

(5) *Deleted.*

(6) The amount of allowances, such as travelling allowances, granted to meet expenditure of a particular type, should be so regulated that the allowances are not on the whole sources of profit to the recipients.

(b) The Auditor General or any principal auditor should bring to the notice of the Governor General in Council or the Local Government, as the case may be, any breach of one of these canons.

12. The Auditor General shall, if so required by the Governor General in Council—

- (i) arrange for the audit of the accounts of the receipts of revenue of any Government department, the accounts of any public or *quasi*-public body, or any other accounts, although they may not relate directly to the receipt and expenditure of Government moneys; and
- (ii) arrange for the audit of stores or stock in the possession of an office or a department of Government, and for the audit of grants of land and alienations of land revenue.

13. If the Auditor General considers it desirable that the whole or a part of the audit applied to Government accounts, or to any other accounts which he is required to audit under Rule 12, shall be conducted in the office in which these accounts originate, he may require that these accounts, together with all books, papers and writings having relation thereto, shall at all convenient times be made available in those offices for inspection by his auditors and officers.

14. When an objection taken in the course of audit cannot be adjusted by a principal auditor in consultation with the authorities concerned, the Auditor General may either instruct the principal auditor to withdraw the objection or require the Governor General in Council or the Local Government concerned to obtain the requisite sanction, or, in default, to recover the amount under objection:

Provided that—

- (i) if the objection to any expenditure is based solely on the ground that such expenditure contravenes one of the canons set out in Rule 11 above, the Auditor General or principal auditor

shall withdraw such objection at the request of the Finance Department of the Government concerned if the Finance Department states that the breach of the canon and the action taken thereon by the Government will be reported as soon as possible to the Committee on Public Accounts, or, if no Committee on Public Accounts has jurisdiction in the matter, to the Secretary of State in Council, and

- (ii) if the Governor General in Council or the Local Government, as the case may be, orders in writing that the recovery of the amount under objection shall be forgone, the Auditor General or principal auditor shall withdraw such objection, but may require that the action taken shall be reported as soon as possible to the Committee on Public Accounts, or, if no Committee on Public Accounts has jurisdiction in the matter, to the Secretary of State in Council.

15. (1) The Auditor General shall, on such dates as he may prescribe, obtain from each principal auditor and from any officer of the Indian Audit Department to whom he may entrust this duty, appropriation accounts, in such form as he may prescribe, of the expenditure which came under the audit of such principal auditor or officer of the Indian Audit Department during the past official year, together with a report upon the accounts and upon the results of the audit applied to them. Any officer of Government may be called upon to provide any information necessary for the preparation of such accounts or reports. On receipt of the accounts and reports, the Auditor General shall transmit them to the Governor General in Council or to the Finance Department of the Local Government concerned with such comments as he may think fit.

(2) The Auditor General shall forward to the Secretary of State through the Governor General in Council the several reports dealing with the total expenditure in India in each year with his detailed comments on each report, and may also offer such further comments of a general nature as he may think fit.

16. (1) The Auditor General may on his own motion, and shall on reference being made to him by the Governor General in Council or by a Local Government, review any audit decision of any audit officer, and, if he thinks fit, overrule it.

(2) The Auditor General may condone an omission to make a previous reference to the Secretary of State in Council which was required by any rule or order from time to time in force, prescribing the cases in which the previous sanction of the Secretary of State in Council to expenditure is to be obtained, in cases where, when the question comes before him in audit, the failure to obtain the previous sanction of the Secretary of State in Council has involved, in his opinion, a breach of the letter rather than the spirit of the rule or order.

17. The Auditor General shall have power to require that any books, papers or writings relating to the accounts audited by the Audit Department shall be sent for inspection by him or by any other officer of the Indian Audit Department : provided that—

- (i) if the Governor General in Council or the Local Government, as the case may be, certifies that the documents in question are secret, the Auditor General or other officer, as the case may be, shall accept, in lieu of such documents and as a correct account of the facts stated therein, a statement certified by the Governor General in Council or the Local Government ; and
- (ii) if the documents are confidential, the officer to whom they are made over shall be responsible for preventing disclosure of their contents.

*Duties and Powers as regards Accounts.*

18. The Auditor General shall compile the Finance and Revenue Accounts of India in such form as may from time to time be prescribed by the Secretary of State in Council and shall send them to the Governor General in Council for transmission to the Secretary of State in Council. He may call upon any Government officer to furnish any information in such form as may be required for the completion of these accounts.

19. The Auditor General shall have power to prescribe the forms in which accounts shall be kept in audit offices : provided that no change which will affect the form of the Finance and Revenue Accounts shall be made without the previous sanction of the Secretary of State in Council.

Minor changes of detail, such as the opening of new minor heads, alterations affecting minor or detailed heads, and the like, are not changes " affecting the form of the Finance and Revenue Accounts " within the meaning of this rule.

20. If a doubt or a dispute arises as to the major head under which a particular minor head, or as to the minor head under which a particular detailed head should be included, it shall be decided by the Auditor General.

21. The Auditor General shall prepare in each year a review of the balances in the books maintained by the audit department and shall send it to the Governor General in Council for submission to the Secretary of State in Council.

22. The Auditor General shall have power to determine the form in which officers rendering accounts to the Indian Audit Department shall render such accounts and in which the initial accounts, from which the accounts so rendered are compiled or on which they are based, shall be maintained.

23. The Auditor General shall supply, or shall arrange that officers subordinate to him supply, any information required by the Governor General in Council or by a Local Government which can be derived from the accounts maintained in the offices under his control.

24. The Auditor General shall arrange that such assistance as may be required shall be rendered by the officers of the Indian Audit Department to the Governor General in Council, the Local Governments and other authorities in the preparation of their annual budget estimates.

25. If in any case the Secretary of State in Council has declared that the maintenance of the provincial accounts of a specified province or of the accounts of any department of the Central Government is transferred to an authority (hereinafter referred to as the said authority) other than the Auditor General, the duties and powers of the Auditor General, in relation to the accounts of such province or department, shall be governed by the following provisions, namely :—

- (1) The officers and establishments employed upon the maintenance of such accounts shall not be subordinate to the Auditor General, but the Auditor General shall be responsible for the inclusion of the accounts in the Finance and Revenue Accounts of India and shall have power to prescribe the form in which and the time or times at which the accounts shall be submitted to him for audit and for such inclusion ;
- (2) The appropriation accounts referred to in sub-rule (i) of Rule 15 shall be prepared by the said authority in such form as he may, with the concurrence of the Auditor General, determine, and shall be transmitted, by such date as the Auditor General may prescribe, to the officer of the Indian Audit Department to whom the Auditor General has entrusted the duty of reporting thereon. The Auditor General shall thereafter obtain and dispose of the appropriation accounts and of the report thereon of the aforesaid officer of the Indian Audit Department in accordance with the provisions of Rule 15 ;
- (3) The Auditor General shall exercise the powers and perform the duties conferred and imposed upon him by Rule 20 and Rule 21, but shall not be bound by the provisions of Rule 23 or Rule 24.

## Rules for the Training of Junior Officers and for Departmental Examinations.

### I.—*Rules for the training of Probationers in the General List of the Indian Audit and Accounts Service.*

(1) All Probationers will, within the first six months of their appointment, spend not less than six weeks at a Treasury in order to see the initial stages of the building up of the accounts. This period will extend over the compilation of two monthly sets of accounts, the second set being prepared by the Probationers themselves and checked by the Treasury staff.

(2) No Probationer will be allowed to appear at the Lower Departmental Examination until he has completed the training at the Treasury.

(3) On passing the Lower Departmental Examination, Probationers will be allowed, as far as is compatible with the interests of the service, to choose whether they will be further trained in Railway Accounts or in the ordinary line. Should he consider it necessary, however, in the interest of the department, the Auditor General may decide for which branch any Probationer is to be trained. Those electing for training in Railway Accounts will put in a considerable period at a station, an Executive Engineer's office, a workshop and a store yard and an equal period in a Railway Audit office. The others will put in two or more months in a Sub-Divisional and a Divisional office of the Public Works Department and a longer time in a Civil Audit office.

(4) The training in the Audit office will be generally on the lines laid down in the annexed regulations (*vide* section II below), which were published with the Finance Department's Resolution No. 3496, dated the 28th December 1876.

(5) No Probationer will be allowed to appear at the Higher Departmental Examination until he has completed the training prescribed in clause (3) above.

(6) Arrangements for the training of Probationers in an outside office will be made by the Head of the Audit office to which the Probationers are attached.

1. When a probationer has to proceed to another station for the purposes of his training, his travelling allowance will be regulated as for journeys on tour, and he may be granted a halting allowance at three-fourths of the rate admissible, up to a maximum period of two months at any particular station.

(7) During the period that Probationers are in an outside office, they will submit diaries regularly to the head of the Audit office to which they are attached, but, while they are in the Audit office itself, it will be left to the head of the office to use his discretion with regard to the nature of the control which he exercises over the Probationers' work.

II.—*Detailed Regulations of 1876 (for the training of Junior Officers) referred to in paragraph (4) of Section I above.*

(1) The work of an Indian Audit office, as at present constituted, is divided into audit and account, of which the former leads up to, and prepares materials for, the latter. When, therefore, a junior officer has been long enough in the office to have a general knowledge of its working, he should be attached to the audit section, and make himself practically acquainted with the procedure of testing, checking and recording payments to gazetted officers, establishments and pensioners, and payments on account of contingent charges; and he should be required, without assistance, to audit and record the audit of some vouchers of each class.

(2) When a junior officer reports himself ready to prepare a classified

“ (2) When a junior officer reports himself ready to prepare a classified abstract, the Accountant General should cause the original receipt and payment schedules with vouchers of a particular department for a past month to be collected. The junior officer will then compile and square the classified abstract, compile and close a Departmental Transfer Abstract, and post the closing entries relating to them in the relevant classified abstract.

In Madras, as classified abstracts are received compiled from the treasury, the junior officer should be required to post blank forms from the separate vouchers and schedules as far as the materials serve.

classified accounts are still submitted, and in this presidency junior officers should be required to post blank forms from the separate vouchers and schedules as far as the materials serve.)

(3) At this stage the junior officer should be placed in charge of the objection book of one or more districts for a few months; this work will not occupy his whole time and need not interfere with his further training.

(4) Next he must prepare, for some months other than March or April,

(4) Next the junior officer should post the Detail Book maintained under Article 189 et seq of the Account Code from the classified abstracts of a few departments and the Cash Account and List of Payments of some selected treasuries for a month. Thereafter he should post the Remittance Check Register and make entries in the Statement of Disbursers' Accounts. A superintendent should check the work done and report to the Accountant General the corrections found necessary.”

corrections found necessary.)

(5) Next the junior officer should prepare the journal entries of a month; he should also be required to prepare rough drafts of the entries, both journal and ledger, to close the books of one year, and to open those of the next—the entries, in fact, which will be necessary in the local office to close and open the books in use at the time of his probation.

(6) At some stage in this course of training the junior officer should, for some months, be put in charge of one or more accounts current with other offices, both outward and inward, gathering materials for the outward account from the original district accounts, preparing the account current and agreeing it with the books, watching the action of the other party to the amounts in adjustment and also taking the necessary steps to pass the inward amounts through the books, preparing the objection statement and any letters connected with his work for the approval of the Accountant General.

(7) The necessary duration of the course of training must vary with the opportunities available and the industry and ability of the officers, and it is therefore not desirable to name any particular period ; but on no account should the training be hurried, and the Accountant General must satisfy himself that the junior officer has acquired a competent knowledge of the ordinary duties of the several branches of an Accountant General's office ; \* \* \*

III.—*Rules for the Departmental Examinations of Probationers in the General List of the Indian Audit and Accounts Service.*

[See Art. 25.]

(1) The Lower and Higher Departmental Examinations will be held half-yearly, on the Monday next after the 10th May and the 10th November and following days, in the subjects detailed in schedules A and B appended.

(2) Probationers will be permitted to appear for these examinations in instalments if they notify their intention beforehand and specify the subjects, provided that any practical training that has been prescribed in those subjects has been completed.

(3) Those who obtain 40 per cent. of the marks in each of the subjects and 50 per cent. in the aggregate will be held to have passed the examination. Those who fail in an examination will be held to have passed and be exempted from re-examination in the subjects in which they obtain 60 per cent. of the marks. These marks will be taken into account in reckoning the minimum aggregate at a later examination.

(4) Those who take an examination in instalments will not be held to have passed in the subject or subjects unless they obtain 60 per cent. of the marks in each subject.

(5) An officer recruited in India to the Department will be on probation for two years and until he has passed the Higher Departmental Examination. During the probationary period, he will not be eligible for the first increment until he has passed in Lower Departmental Examination, nor for the second increment until he has passed the Higher Departmental Examination. Probationers will be counted against the sanctioned strength of the office to which they are posted after the end of two years or from the date on which the results of their having passed the Higher Departmental Examination are received in the office to which they are attached, whichever is earlier.

(6) Repeated failure to pass the Departmental Examination within a period of three years (*i.e.*, after the sixth Departmental Examination held after a Probationer has joined the service, provided that the first examination held within six months of the date of a Probationer joining the service is not taken into account) will involve loss of appointment.

(7) The Departmental Examinations will be conducted in accordance with rules in section V and under the direction of the Auditor General, who will decide upon the marks to be awarded to each examinee.

[See Art. 49]

(1) The Departmental examination qualifying for appointment to the Subordinate Accounts Service will be held once a year in November for all Civil Audit offices and will be separate for each branch of service. It will be held in the several Civil Audit offices and be conducted, under the rules in Section V of this Appendix, by means of question papers forwarded by the Auditor General or set by the local Accountant General, as the case may be, *vide* paragraph 4 (d) below. The answers will be examined and marked by the Auditor General or local Accountant General according as the papers are set by the former or by the latter.

(9) The Auditor General reserves to himself the power of allowing exceptions to these rules in very special cases.

(10) These rules may be amended or revised by the Auditor General but no general revision of the rules made at any time will be enforced for three years in respect of persons then in service.

*V.—Rules for conducting the Departmental Examinations referred to in Sections III and IV of this Appendix.*

(1) The examination papers are sent from the Auditor General's office, by registered post, in a sealed packet containing a separate sealed envelope for each paper set. Their receipt should be acknowledged immediately by telegram.

(2) The examination should be conducted, on the dates and according to programme prescribed by the Auditor General, by the Head of the Audit office himself, or by one of his assistants (not below the rank of a Deputy) nominated by him.

(3) The sealed packet containing the sealed envelopes in which the question papers are enclosed, should, on receipt be opened by the head of the office in the presence of the officer who is to preside at the examination or if he himself is to preside, in the presence of some other officer. The number of question papers in each envelope is given on the envelope itself. The number given on the envelope should be compared with the number of candidates appearing in each paper to verify that a sufficient number of question papers has been received.

After this comparison has been made, the envelopes should again be placed in a cover which should be sealed. This cover should be left in the personal custody of the head of the office, and must not be opened until the examination begins, the several envelopes being opened when the papers are required for distribution. The outer cover and the envelopes should be opened in the presence of the candidates.

(4) The several papers should be given out singly and the exercises should be worked out by the candidate in the presence of the presiding officer.

(5) An index number is assigned to each candidate, this should be entered by him on each of his papers, *instead of his name which should no where appear on the Proceedings.*

(6) The questions need not be written out by the candidate; only the answers and solutions should be written in full, with the number of the question prefixed. The answers may be first worked out on waste paper. The neatness of the candidate's paper is taken into consideration in assigning marks. The paper should be of foolscap size, and the candidate's index number and the date and title of the subject should be written at the top of each page.

(7) The candidate's solutions, as first written out fair, must be surrendered to the presiding officer within the time allowed for each paper. The actual time taken by the candidate, *i.e.*, the interval between receiving the examination paper and returning his solution paper to the presiding officer, should be stated on the back of the solution paper.

(8) The solution papers should be transmitted, without alteration or correction, immediately, after the close of each day's examination, by sealed packet, to be registered if sent through the post, and addressed to the Deputy Auditor General (Personnel) by name.

1. This rule does not apply to the papers set by the Accountant General under paragraph 4 (d) of Section IV of this Appendix.

(9) The presiding officer must certify that the above rules have been strictly followed, by signing certificates in the form given below, and explain any accidental or unavoidable deviations:—

Purposes for which loans  
may be raised.

(a) to meet capital expenditure on the construction or acquisition (including the acquisition of land, maintenance during construction, and equipment) of any work or permanent asset of a material character in connection with a project of lasting public utility, provided that—

(i) the proposed expenditure is so large that it cannot reasonably be met from current revenues; and

## ANNEXURE I.

(G. I., F. D., Resolution No. D. 1250-F., dated the 25th March 1925, regarding the introduction of the Provincial Loans Fund.)

The Government of India have had under consideration the question of systematising the arrangements for administering the advances made by the Central to Provincial Governments. After consultation with the latter it has been decided to establish a Central Fund, out of which all advances granted by the Government of India to Provincial Governments will in future be made, and to standardise for all Provinces alike the terms on which advances granted for various purposes will be repaid to the Fund.

2. The Fund shall be constituted as from the 1st April 1925 and shall be called the " Provincial Loans Fund ". Rules governing the administration of this Fund will be promulgated by the Government of India.

3. All outstanding capital liabilities of Provincial Governments to the Government of India will be transferred to the Fund at the time of its constitution and this capital will be increased from time to time as required by further advances from the Government of India.

4. The rate of interest charged by the Government of India on advances to the Fund which represent capital liabilities transferred to it in accordance with paragraph 3, will be the same as the rates at which interest would have been paid to the Government of India by the Provincial Governments but for the constitution of the Fund. The rate charged on further advances to the fund will, however, be determined on the basis of the cost of new borrowings to the Government of India from time to time.

5. If at any time there is a surplus in the capital of the Fund not required or not likely to be required at an early date for the purpose of new advances, the Fund shall be entitled to apply such surplus towards the reduction of advances previously made to it by the Government of India under such conditions as may be determined by the Government of India according to the circumstances of the case.

6. The terms already arranged between the Government of India and the Provinces in regard to any advances sanctioned prior to the constitution of the Fund will not be modified or affected in any way. The Fund will simply take the place of the Government of India as one of the parties to these contracts *vis-a-vis* the Provinces concerned.

7. The amount and the purpose of every advance which may be made by the Fund to a Provincial Government will be determined, as at present, by the Government of India in the Finance Department, and the Assembly will be asked to vote the necessary supply under the head : " Advances to the Provincial Loans Fund ". The receipts into, and disbursements from, the Fund will be recorded in the public accounts under a distinct head " Provincial Loans Fund ".

8. Advances of less than Rs. 5 lakhs for any scheme or group of works will not normally be made from the Fund, as being excluded by the principle

This adjustment is made to ensure the exhibition in the Provincial accounts of the entire outlay on relief, etc., in any year, inclusive of the portion met from the fund. Transfers from the fund for advances to the Provincial Loan Account and for repayment of advances from the Provincial Loans Fund are accounted for through the head "Transfers from Famine Relief Fund" in the *Debt* Section of the account, *vide* notes (231-D) and (231-E).

In cases in which the combined rates of leave and pension contributions continue to apply, the recoveries should continue to be credited to the head "XXXIII.—Receipts in aid of Superannuation." These rules apply to recoveries of foreign service contributions also, the recoveries representing contribution for leave, where this is levied separately, being credited to the receipt head appertaining to the department which lent the officer to the foreign employer or to the head "XXXV.—Miscellaneous", as the case may be.

Additions to regular establishments the cost of which is recoverable from local funds, etc., should be charged direct to general revenues as a separate section or branch of the establishment to which they are attached. Leave and pension contributions of Military Officers in permanent civil employ lent to Foreign Service should be adjusted as indicated above, while contributions of Military officers and others in permanent military employ, including those in temporary civil employ, and contributions for pensions of Indian Soldiers lent for Imperial Service should be credited to the head "Defence Receipts—Effective" or "Defence Receipts—Non-Effective" as the case may be.

(110-A). The debit under this head in the accounts of a particular year is to be limited to the discount actually accrued during that year. This is effected in the manner indicated below. On the issue of a treasury bill whether to the public or to the Paper Currency Reserve, the entire amount of discount should be charged in the first instance to this head. At the end of the year this head should be relieved of that portion of the discount on treasury bills outstanding on the 31st March which has not yet accrued, by credit to this head and debit to a separate detailed head "Discount on treasury bills" subordinate to the local ledger head "Suspense Account". On maturity of the treasury bill in the following year, the amount of discount accruing in that year should be charged to this head by credit to the detailed head under "Suspense Account" mentioned above, thus clearing the debit outstanding under that head.

The discount earned on treasury bills issued to the Paper Currency Reserve is credited to the head "XXVII—Currency—Profits on note circulation". In the case of bills issued to the Paper Currency Reserve which do not mature during the year in which they are issued, the credit to the head "XXVI—Currency—Profits on note circulation" is, however, given to the extent of the discount actually earned on them during the year. This is effected in the manner indicated below. The discount earned during the year on treasury bills issued to the Paper Currency Reserve which remain outstanding on the 31st March is credited to the head "XXVII—Currency—Profits on note circulation" by debit to a detailed head "Adjustment in respect of treasury bills issued to the Paper Currency Reserve" subordinate to the local ledger head "Suspense Account." On the maturity of the treasury bill in the following year, the discount earned is credited to (i) the head "XXVII—Currency—Profits on note circulation" to the extent of discount earned in that year and (ii) the rest of the discount is credited to the head "Suspense Account—Adjustment in respect of treasury bills issued to the Paper Currency Reserve" mentioned above, thus clearing the debit outstanding under that head.

The adjustments in respect of treasury bills issued to the Paper Currency Reserve are intimated by the Controller of the Currency. The adjustments of part discount in respect of treasury bills issued to the public which are outstanding on the 31st March are made by Account Officers in consultation with the Controller of the Currency. The part discount accrued or earned on treasury bills issued to the public outstanding on the 31st March is calculated at the average rate of discount for the month of issue of the bills, which is communicated by the Controller of the Currency. The discount accrued or earned during a particular year is calculated for half a month each in respect of the month of issue and maturity, irrespective of the day of issue or repayment. Thus a six months' bill issued in December will earn discount for  $3\frac{1}{2}$  months in the year of issue and for  $2\frac{1}{2}$  months in the year of maturity.

(122) Where such an officer exists in any province, the pay and allowances of the Inspector General and the cost of any combined establishment are taken to this head, but where separate establishments are employed on the different services they are shown under the respective major heads.

(123) Records the cost of the audit of Local Fund Accounts. The cost of the audit of the accounts (other than Local Fund Accounts) covered by Rule 12 of the Auditor General's Rules is included under "23.—Audit."

(124) When additional Commissioners are employed only on judicial work, their pay and all other charges should be taken under "24—Administration of Justice—Civil and Sessions Judges".

(125) In determining the precise charges on account of district administration which should be debited under this head, the general principle should be that any part of such charges which is definitely expended upon work connected with a single major head should be taken as a charge against that major head, while the rest of the charges spent upon work connected with more than one major head should be taken to this head.

(126) Charges on account of Treasury should be recorded under a separate sub-head. Charges for acquiring old and foreign coins under the Indian Treasure Trove Act should be treated as contingent charges of the Treasury.

(127) The allocation of the discretionary grants should be determined by the criterion as to who is the grantor and not by the purpose for which the grants are made. Thus the grants made by the Governor, Commissioner or the Deputy Commissioner should be classified under this minor head. Similar grants, if any, made by other authorities should be recorded under the appropriate service head concerned and any expenditure which cannot be so recorded may be classified under "47—Miscellaneous—Miscellaneous and unforeseen charges".

(127-A) Payments on account of passage money from India to the United Kingdom of selected candidates for the Indian Civil Service are charged to this head.

(127-B) The cost of the officers of the Indian Audit and Accounts Service serving in the office of the Auditor General and in Civil offices of Account and Audit will be shown under the minor head "Indian Audit and Accounts Service" and not under the minor heads "Auditor General" or "Civil offices of Account and Audit".

(128) The sub-heads are :—

- (i) English Law Officers (*i.e.* Advocate-General, Standing Counsel, Solicitor to Government).
- (ii) Legal Remembrancer and High Court Pleaders.
- (iii) Mofussil establishment.

[A slightly different classification is followed in Madras.]

The charges for conducting Civil suits are taken among Collectors' Contingencies if managed by the Collector; but so far as they consist of pleaders' fees, they should go under this head. The cost of suits, the filing of which is the natural and proper function of the Central as opposed to a Provincial Government, will be borne by the Central Government and should be debited to the department which originates the suit.

Fees to pleaders in pauper suits should be taken under this head (as well as other money charges in pauper suits, such as advances for batta to witnesses, the recoveries being credited to "Court fees realized in cash").

Fees paid directly by Treasury Officers to pleaders conducting criminal cases should be taken against this head and not against the department employing the pleaders. The retaining fees paid to public prosecutors and pleaders who are Government servants should be classified under the unit of appropriation "Pay of Officers" or "Pay of establishment", whichever may be considered more suitable, and the daily fees paid for the conduct of cases to Government prosecutors and pleaders and to pleaders who are not in Government service should be classified under the units of appropriation "Allowances, Honoraria, etc." and "Supplies and Services", respectively.

(Advances for Civil suits should be finally charged off against the Department receiving them.)

(129) The following should be sub-heads :—

- (a) District and Sessions Judges.
- (b) City Civil Court (Madras).
- (c) Subordinate Judges.
- (d) Munsiffs.
- (e) Deccan Agricultural Relief Courts.

If the contingent charges are not at present separately posted, then the division of sub-heads may be confined to the salaries and establishment, the contingencies being all taken together.

(f) Process-serving establishment.

(g) Record-room copyist establishment (if separately organized).

[In Burma, there are only two sub-heads under this minor head, *viz.*, (1) Divisional and Sessions Judges and (2) District and Township Judges.]

The payments of actual expenses by a Court under Article 187 of the Audit Code will be debited to the detailed head "Diet and travelling allowances of witnesses".

(130) Presidency Court to be shown as a separate sub-head.

## 25.—JAILS AND CONVICT SETTLEMENTS.

Jails. (131).

(131) The sub-heads and detailed heads are as follows:—

Sub-heads Nos. 2 to 11 are prescribed for the Jail administrative returns. Sub-heads Nos. 1 and 12 will not appear in those returns.

1. *Superintendence*, to include the pay, allowances and contingencies of the Inspectors General of Prisons.
2. *Establishment*, to be sub-divided again into the following detailed heads:—
  - (a) Superintendent, (b) Jailers and Deputy and Assistant Jailers, (c) Clerical, Educational and Mechanical Establishments, (d) Warder Establishment, (e) Menial and other establishments, and (f) Medical Establishment.
3. *Dietary charges*, to include (a) Rations, (b) Miscellaneous dietary charges, (c) Garden and Agricultural expenses, (d) Proportionate share of dairy expenses.
4. *Hospital charges*, to include (a) Sick diet and extras for patients (b) Cost of extra or special diet, etc., for prisoners who are in weak health but not in hospital, (c) Medicines and Hospital equipment and (d) Proportionate share of dairy expenses.
5. *Clothing and bedding of prisoners.*
6. *Sanitation charges*, to include (a) Conservancy, washing, and purifying (b), Charges for water supply and (c) Extraordinary charges.
7. *Charges for moving prisoners*, to include (a) Transfer charges and road subsistence of convicts, and (b) Transportation charges.
8. *Miscellaneous services and supplies*, to include (a) Lighting, (b) Disciplinary charges, (c) Uniform and equipment of warders, (d) Rewards for recapture and service, (e) Execution charges, and (f) Other miscellaneous services and supplies.
9. *Travelling Allowances.*
10. *Contingent charges*, with the following detailed heads:—
  - (a) Rents, Rates and Taxes, (b) Service postage, (c) Telegraph and Telephone charges, (d) Current Office expenses, (e) Office furniture and (f) Registers and Stationery.
11. *Extraordinary charges for Live Stock and Tools and Plant*, to include the following:—
  - (a) Conservancy and Water-supply Dead Stock, (b) Dietary Dead Stock, (c) Hospital Dead Stock, (d) Garden and agricultural plant, (e) Lighting Dead Stock, (f) Disciplinary Stock, (g) Arms and Accoutrements, (h) Dairy Live Stock and Plant, (i) Draught Cattle and (j) Other Miscellaneous Dead Stock.
12. *Charges for Police Custody*, to appear under "Lock-ups" only, and to exhibit all charges for dieting prisoners in lock-ups, hajats or havalats, or in custody in Magistrates' Camps, and those for conveyance of under-trial prisoners.

In the case of under-trial prisoners travelling under police custody on Railway warrants issued by the Civil Police Department under the credit note system the cost of such warrants may be taken to a detailed head "Cost of Railway Warrants" under "26.—Police—District Executive Force," if such an adjustment will result in a reduction of clerical labour.

The sub-heads numbered 2 to 11 should be adopted in all provinces, and if it is found more convenient, a separate sub-head may also be opened for dairy expenses which are in the administrative accounts split up between dietary charges and hospital charges; as these charges are to be divided in a fixed proportion between

the two sub-heads mentioned, there will be no difficulty in effecting an agreement between the administrative and finance accounts even though they be shown under a separate sub-head in the latter, while it may be found most convenient to show the actual charges as incurred under a single head, and to split up only the annual total in the fixed proportion.

In the finance accounts it will be sufficient to record the expenditure under 3 to 12 by sub-heads only. But in provinces where the contract system exists, jail contingent expenditure may be recorded under two detailed heads "Contract contingencies" and "Non-contract contingencies" under the various sub-heads concerned. Similarly, where the grant for a particular class of expenditure has been provincialised, a separate detailed head may also be opened.

Under 3 to 12, a distinction should be made between Presidency Jails, Central Jails, District Jails, Lock ups, Convict Camps, and Reformatory settlements, if any. Under Supplies and Services the number of prisoners estimated for should be stated. The head Convict Camps is only intended for *quasi-permanent* Camps, e.g., where a large body of prisoners is employed, at a distance from a Central Jail, on some irrigation work; the charges for a temporary camp during a sickly season should not be taken to it.

The charges for moving juvenile offenders to Reformatory Schools should be debited to the department which provides the escorts and arranges for the transportation of the convicts. A Local Government may, however, if it considers it desirable, charge to the Reformatory Schools the cost of moving the juvenile convicts themselves, the department supervising the transportation being charged with the travelling and other expenses of the escort alone.

(132) This head should include all charges of convict labour, except Press charges (including cost of machinery, outlay in paper, ink and other supplies and expense of maintenance), which are debitable to the grant for Stationery and Printing.

(133) The sub-heads are—

Superintendence (these charges should not be mixed up with Provincial Police.)

Municipal Police.

River, Harbour, or Marine Police.

Salt Police.

Dockyard Police.

Guards for Public buildings, etc. (paid by Government).

Special Police (charged to the parties concerned).

Hospital charges (see under Jails).

Police dead house.

Cattle pounds.

In Burma the charges for the Rangoon City Police are included under this minor head.

(134) The sub-heads should be—

Office Establishment.

Allowances, Honoraria, etc.

Hospital charges (see under Jails).

**OTHER POLICE**—Such of the above heads as may be applicable.

Against 'Police Force' each grade should be shown separately in the estimates, though in the accounts the several classes may be grouped under one or more detailed heads according to local discretion, provided that no grouping includes two items which are recorded separately in the Finance and Revenue Accounts.

The "Clerical Establishment" should include only clerks, etc., who are not regularly enlisted members of the Force; all enlisted members should be shown against "Police Force".

Under "Other Police" should be shown Police entertained as part of the District Force but for a special purpose, such as Salt Excise Police, Preventive Police, and Municipal and Cantonment Police, if they form a separate part of the Force and are wholly paid by Government. The charges for each class should be distinguished.

Cost of escorts (i.e., their way charges, not their allowances) should be a sub-head under Contingencies.

The cost of all Railway warrants issued by the Civil Police Department under the credit note system may be adjusted under a detailed head "Cost of Railway Warrants" subordinate to "Allowances," if such an adjustment will result in a reduction of clerical labour.

(135) This head is intended for the Municipal or Cantonment Police, if they form a separate part of the Force and if the Municipality or Cantonment repays the Government wholly or partly.

(136) This minor head is intended to show the cost of Police Forces which are levied for special purposes and organized on a system different from the regular District Force. The Chittagong Frontier Police and the Assam Frontier Police should be shown here. So also the Punjab Border Police, Burma Military Police and Mawasi and Bheel and Camel Levies in Bombay. For charges connected with the additional police entertained under the Indian Police Act (Act V) of 1861, see footnote (250).

(137) (1) Railway Police includes charges for "Crime and Order" Police only.

The amount of contribution payable by the railways as determined by the Governor General in Council, as well as other particulars relating to each railway, are stated in the manuals of the Audit Officers concerned.

(2) Charges for "Watch and Ward" as defined in clause (4) below are borne by the railway and not debited to Police.

(3) On State Railways managed by Government, the cost of the police guards supplied by the Police Department at the request of the railway authorities for the performance of duties which should be arranged for by the railway authorities and are not part of the ordinary functions of the police should be charged to the railway concerned.

(4) The duties of "Watch and Ward" consist of:—

(a) Watching of passenger trains at stations.

(b) Watch and Ward of—

(1) Goods sheds.

(2) Goods trains at stations.

(3) Brake and luggage vans.

(4) Railway offices and buildings (but not including Railway cemeteries).

(c) Watching of fuel delivered within the Railway boundary and escorting of pay clerks.

(d) Reporting to Railway authorities all breaches of the company's bye-laws.

(5) Rewards granted to the Railway Police Staff by the Police Department form part of the cost of Railway Police and as such follow the incidence of the cost of the Police. Rewards granted by the Railway administration are charged to the Railway.

30.—SCIENTIFIC DEPARTMENTS	Survey of India. Botanical Survey. Zoological Survey. Hydro-Electric Survey. Geological Survey. Exploration of Coal, Petroleum and Minerals. Mines Department.

(151) Political charges are confined to external relations, relations with Indian States, frontier questions (except those connected directly with the defence operations of the frontiers of India which are debited to the Major Head 29-A.—Frontier Watch and Ward) important Political *delenus*, expenditure in connection with the Haj which is not capable of record under one of the departmental heads of account and charges which for special political reasons may be classified under the head "Political". All other charges debited under this head prior to 1921-22 should be debited to '47.—Miscellaneous'.

NOTE—As a general rule, expenditure in connection with an Indian State outside British India and debitable to Indian Revenues should be debited to the head "29—Political". The classification of expenditure in "administered areas" however should be based on the rules applicable to similar expenditure in British India, as these areas, though technically forming part of Indian State territories are treated as parts of British India for all practical purposes.

(152) This is meant for regularly appointed officers and offices of the Political Department and not for casual charges. There should be a sub-head for every important Agency or Residency, e.g., in Bombay one for Aden, one for Baroda and so on, and the smaller ones might be grouped. Special establishments, if any, for Administration of Justice or for Jails or for Police should be shown in their sub-head in separate details.

(153) Deleted.

(154) Sale proceeds of slave dhows and the expenses incurred in connection with their crews and the slaves captured in them should be shown as miscellaneous receipts or charges of the Consulate or Agency.

(155) This is intended to provide for special and occasional charges which sometimes occur under this head, e.g., the Rawalpindi Durbar. These should of course be named. Nothing should be taken to this head without special instructions from the Auditor General.

(156) Deleted.

(157) The cost of the Toll Establishment at the Khyber pass and the charges of the Mewar Bhil Corps, Malwa Bhil Corps and Imperial Cadet Corps should be entered here under separate detailed heads.

(157-A) This head is intended for such charges as are directly connected with the defence operations of the various frontiers, which may include, besides expenditure incurred on various denominations of military police organisations, expenditure on roads declared to be of military importance and charges for hospitals, and other buildings required for the administration of the military police forces. Charges connected with the ordinary civil administration of the frontier areas, including expenditure on buildings and communications, are brought to account under the appropriate heads of service concerned in accordance with the general principles of classification laid down in Article 181 (k) of the Audit Code.

(157-B) For charges connected with the different military police and militia organisations such as Levies, Kurram Militia, Scouts, Frontier Constabulary, etc. Separate sub-heads will be opened for the charges pertaining to each important organisation.

(157-C) For expenditure on construction and maintenance of buildings for Militia and Frontier Constabulary and of roads declared by the Governor General in Council to be of military importance. Charges connected with the Waziristan scheme should be recorded under a separate sub-head under this head.

Receipts pertaining to such works are also credited to "XXVI—Miscellaneous Departments". This rule does not, however, apply to protected monuments, which have been removed from the operation of the exception specified in clause (a) of entry 6 in Part I of Schedule I, and in clause (a) of entry 6 in Schedule II, to the Devolution Rules, by notifications issued by the Governor General in Council in the Gazette of India, nor to such protected monuments in the Central areas as have been specifically removed from the administrative control of the Archæological Department. NOTE.—Expenditure on prizes should form part of the ordinary expenditure of the institutions in which they are given, and need not be separately shown in the accounts. But when the amount of expenditure on prizes is small, it may be recorded under a single detailed head under "E.—General—Miscellaneous".

(169) The following governing principle is laid down for determining whether an item of expenditure should be recorded under the head "32.—Medical" or "33.—Public Health." The head "32.—Medical" has reference to medical facilities given to the public through the treatment of individual cases, while the head "33.—Public Health" has reference to general public as a whole, *e.g.*, sanitation, research, investigation, the control and combating of epidemics, etc. The principle is, however, subject to the provisions of Article 181 (1) of the Audit Code.

(170) The sub-heads are : (1) All-India Medical Council. (2) Superintendence (*i.e.*, Surgeon-General or Inspector General of Civil Hospitals, with his establishment and contingent charges); (3) District Medical Officer (including Assistants and Establishment); Subordinate Medical Officers attached to districts, subdivisions, or similar general duties, and not drawing pay as part of a Hospital Staff, should be here shown; (4) Reserve Medical Subordinates.

NOTE.—The additional allowances which *Surgeons get* should be shown under the appropriate head of Jails (that is, as pay if in charge, and as hospital charges if only in Medical charge). Mental Hospital and Medical Schools.

(171) Divide into five sub-heads : (1) Presidency Hospitals and Dispensaries. This includes Sealdah and Howrah in the case of Bengal. In setting forth the principal staff of Surgeons and House Surgeons give them in order of hospital and name of the hospital. (2) Mofussil Hospitals and Dispensaries. (3) Marine Hospitals. (4) Grants to Hospitals and Dispensaries, including grants to leper asylums. (5) Other charges. Heads (1) and (2) include charges on account of leper and Lock Hospitals.

(173) Two sub-heads : (1) Medical College. (2) Medical School. The first group of details under Medical College should show the Professional Staff. They should not come under Medical Establishment or under Hospitals and Dispensaries.

Charges on account of quinine should be shown under the sub-head "Malaria". Charges on account of port quarantine, including fees paid to medical officers for the inspection of vessels, should also be taken here under a separate detailed head including fees paid to medical officers for the inspection of vessels.

(178) Bacteriological charges unconnected with human diseases are shown under "34.—Agriculture—Veterinary Charges".

(179) Includes expenditure on all Sanitary Works executed by the Sanitary Engineer even though for the time being that officer be under the administrative control of Public Works Department. See footnote (93). If, however, the work executed forms an integral part of a Government building, the expenditure on that work should be charged to the Major head to which the cost of the original building work was debited.

(180) Includes the following sub-heads: "Experimental Farms," which are permanent establishments "Agricultural Experiments," for which each Government assigns a small grant each year, "Agricultural Department," under which are shown the salary and expenses of the Director of Agriculture, and of his establishment, engaged in promoting agriculture or instructing the people in agricultural subjects, "Experimental Factories", "Tea Nurseries and Plantations", "Public Exhibitions and Fairs," including charges other than prizes on account of cattle and horse fairs (these prizes are adjusted under the minor head "Veterinary charges"), "Botanical and other public gardens", including donations and subscriptions to Botanical and Agri-Horticultural Societies, and "Miscellaneous" including prizes and rewards for silk, cotton and flax, etc.

Expenditure incurred indirectly due to Famine, e.g., charges incurred on an increase of the Police Force, medical aid, or compensation to Government servants for dearth of provision, shall be debited to the appropriate service heads. Subject to the observance of this broad principle the rules laid down in note 1 under this footnote and in footnotes (193) to (195) and the detailed heads prescribed therein may be modified where necessary to suit local conditions and orders under rule 10 of Schedule IV of the Devolution Rules.

**NOTE 1.**—Expenditure incurred during the period of observation and test prior to the formal declaration of famine or scarcity should be finally charged to the head "43-A.—Famine Relief," but expenditure incurred during such period on a revenue producing irrigation work in respect of which a capital account is kept should be dealt with in accordance with the rule in footnote (191) (b).

**NOTE 2.**—The term "scarcity" as used in the above note denotes a recognised stage of distress intermediate between the stages of observation and test and famine, which any local Government or Administration is at liberty formally to declare if necessary.

- (b) The pay and allowances of an establishment specially entertained for, and mainly employed on, famine relief, shall together with its contingent expenditure be debited to the head "43-A.—Famine Relief."
- (c) In all cases falling under clauses (a) and (b), travelling allowances to and from the work and also while engaged on the work, as well as pay and allowances during transit, shall be debited to the head to which the pay of the official while actually employed on the work is debited.

The following rules regulate the classification of expenditure of Public Works undertaken for purposes of famine relief:—

(a) Public Works undertaken in consequence of the occurrence of famine but not directly for the employment of famine stricken people and not therefore treated as relief works will be classified in the accounts as ordinary Public Works are classified, except that any expenditure in excess of normal rates incurred in consequence of the employment for relief purposes of unskilled and unprofitable labour will be transferred to the head "43-A.—Famine Relief."

(b) Public Works expenditure which is undertaken directly for the relief of famine and controlled and managed under the conditions applicable to famine relief works will be charged to "43-A.—Famine Relief" whether the work is or is not one which would have at some time or other to be undertaken irrespective of famine. If, however, the work on which famine labour is employed is a revenue producing work in respect of which a capital account is kept (whether within or without the Revenue Accounts of the Government), the value of the work done, reckoned at ordinary rates, will be charged to the ordinary head of account, and the excess only debited to "43-A.—Famine Relief."

(219-B) The same Minor heads as those prescribed under the head "41.—Civil Works", with the exception of Repairs and 'grants-in-aid', should be opened under this head. (See also Note 2 on page 38 of this appendix).

(219-C) All payments on account of Commutation of pensions, whether in England or in India, including payments made to other Governments, are brought to account in the first instance under the Head "60-B.—Payments of commuted value of pensions—Commuted value of pensions" in the books of the Central or the Provincial Government, as the case may be, and at the end of the year such portion of the expenditure recorded under that head as the Local Government or the Government of India, as the case may be, may decide to charge against current revenues is transferred to the Capital major head "45-A.—Commutation of pensions financed from ordinary revenues" under Section "JJ.—Miscellaneous—Capital expenditure charged to Revenue". The net amount debited to the capital major head "60-B.—Payments of commuted value of pensions", after deducting therefrom the recoveries, if any, from other Governments, if repaid from revenue by a system of equated payments spread over 15 years, which include interest on the capital invested. The equated payments in respect of each year's commutation commence from the following year, and the rate of interest that is adopted is, in the case of the Central Government, the Government of India's borrowing rate, which is the rate charged on advances made to the Provincial Loans Fund; and, in the case of a Local Government, that which it may decide to fix with due regard to the principle that the interest portion of the equated payments should approximate closely to the actual interest charges paid on any sums borrowed for this purpose.

Where pensionary charges between two Governments are settled annually on the basis of commuted values by payment of the net amount due by one Government to the other, the net amount so paid or recovered is brought to account under the minor head "Commuted value of pensions" or the head "*Deduct—* Amount recovered from other Governments", as the case may be.

The total equated payments in respect of each year's commutation are debited to the head "45.—Superannuation allowances and pensions—Equated payments of commuted value of pensions charged to Capital, etc.", by credit to (a) the Capital head "60-B.—Payments of commuted value of pensions—*Deduct—* capital portion of equated payments out of revenue" for the capital portion of the payments, and (b) "19.—Interest on ordinary Debt—*Deduct—* Interest portion of equated payments on account of commuted value of pensions" for the interest portion of the payments.

All capital charges on account of commutation of pensions chargeable to the Central Government excepting those pertaining to the Railway and Military Departments are brought to account finally on the books of the Accountant General, Central Revenues. The adjustments on account of commutations of Military and Railway pensions are made under the head "60-B.—Payments of commuted value of pensions" on the Military and Railway books respectively and equated payments in respect of these commutations are debited to the Departmental major head concerned. The High Commissioner for India in passing the payments to India through the London Account Current furnishes the necessary information as to the head to which the pensions are charged in each case.

(219-E).—This head will be credited with recoveries of expenditure previously debited to the capital major head in accordance with the Rule 6 of the Rules in Appendix 10-A when the recoveries cannot conveniently be taken to any other minor head.

(219-F).—Payments on account of gratuities to retrenched personnel of the Government of India which are taken to the capital major head "61—Payments to retrenched personnel" are to be written back to revenue in five years beginning from the year succeeding the year of payment, but no interest is to be taken into account for the purpose of this adjustment. The annual debits on account of writes back of gratuity payments so far as they relate to non-commercial civil Departments are taken to the minor head "gratuities" under the major head "45-Superannuation allowances and pensions" by credit to this head, while such debits relating to payments made to the Posts and Telegraphs and other commercial departments are taken to a separate sub-head under "Working expenses" of the commercial department concerned.

*Provincial Section.*

I.—PERMANENT DEBT	..	<i>Provincial Loans bearing Interest. (223).</i> A separate head for each loan floated by the several Local Governments.
-------------------	----	---

(220) Permanent Debt includes all debt which at the time when it is raised has a currency of more than twelve months. The term "Floating Debt" is applied to borrowings of a purely temporary nature such as Treasury Bills and Ways and Means advances from the Imperial Bank or the Gold Standard Reserve with a currency of not more than twelve months.

(221) Represent unclaimed balances of old loans which have been notified for discharge and have ceased to bear interest from the due date of discharge. The amounts unclaimed are usually retained in the accounts of Government as debt for twenty years from the date of discharge of the loan; after this period the unclaimed balances are written off the debt account by credit to Revenue, payments of amounts subsequently claimed being also charged to Revenue.

(222) Temporary detailed heads should be opened as occasion requires.

(223) Loans raised by local Governments in the open market under powers conferred upon them by the Local Government (Borrowing) Rules.

\* These are heads upon the books of the Accountant General, Central Revenues.

(224) The outstanding loans from the King of Oudh are in four portions:—

*First loan*, Sicca Rs. 1,00,00,000 in 1814, in consideration of which the British Government guaranteed the payment of certain stipends called "Wasiqa Pensions". The capital value of the lapsed stipends was till 1850 paid to the Native Government, reducing the principal to Rs. 36,07,235 in that year.

*Third loan*, Sicca Rs. 1,00 00,000 in 1825, and *Fifth loan* Sicca Rs. 62,40,000 in 1829, both at 5 per cent. Government Rs. 38,40,000 of the last was repaid in 1853. The interest is payable in the form of hereditary pensions. Those under the fifth loan may be commuted for a principal payment.

*Sixth loan*, Government Rs. 17,00,000, a perpetual loan at 4 per cent. interest payable in the form of pensions and stipends.

*Charity Fund*, Rs. 3,00,000 deposited in 1833, in consideration of which Rs. 1,000 a month (being 4 per cent.) is drawn for distribution to the poor of Lucknow.

(225) The capital of this loan was appropriated out of the confiscated property of Madho Rao's father who was a rebel of 1857. Part of it having been spent on the purchase of a landed estate, the interest on the balance is drawn by the Imperial Bank of India as Madho Rao's Agent.

(226) In the local Accounts, inner columns will be used to distinguish the separate funds concerned.

(227) With effect from 1923-24 the balances of the Fund have been split up into two parts, viz. (1) the ordinary balance held against the pension liability which is essentially sterling in character is to be treated as the sterling branch and (2) the balance of passage money insurance fund, which is a rupee liability, is to be treated as the rupee branch. The balances of the sterling branch are held entirely in England, while those of the rupee branch are held in India, and the interest on the latter balances only is calculated in India and charged to "20—Interest on other Obligations".

(237-A). As a result of the recommendations of the Indian Road Development Committee, both the excise and import duties on motor spirit were raised with effect from the 28th February 1929, the additional revenue being earmarked for credit to the "Road Development Fund" from which grants are made to Provincial Governments and other bodies for expenditure on special schemes of road development approved by the Government of India. The entire proceeds of the additional duties are first credited to the head "1—Customs", but at the end of each year an equivalent amount, after retaining a certain portion as the share of the Civil Aviation Department, in respect of petrol consumed for Aviation purposes, is transferred as a block grant to the Road Development Fund by debit to the head "41—Civil Works—Appropriation to Road Development Fund". Grants made out of this Fund to Provincial Governments and others are charged to the Fund. The charges of the Road Engineer with the Government of India and his staff, which are met out of the 10 per cent. reserve retained by the Government of India in the Road Development Account, are brought to account in the first instance under "41—Civil Works—Central", the debit under that head being set off by an equivalent amount transferred from the deposit head "Road Development Fund" so that the net charge under "41—Civil Works" will be nil. The credit under "41—Civil Works" is shown under a distinct sub-head "Deduct—Amount met from the Road Development Fund".

The subventions made from the Central Road Development Fund to Provincial Governments and Centrally administered areas for expenditure on road development are credited to the head "Subventions from Central Road Development Account" in the accounts of the Province or of the Central area concerned. This head is debited with the expenditure on approved schemes of road development. The actual expenditure incurred from time to time is charged in the Provincial accounts to the head "41—Civil Works" or other appropriate head of account under a separate sub-division of the minor head "Communications", "Grant-in-aid", or other head of account concerned. At the same time, an equivalent amount is transferred month by month to the deposit head "Subventions from Central Road Development account" by credit to "XXX—Civil Works—Transfers from Road Development Account". A similar procedure is also followed in the accounts of Centrally administered areas, with the difference that the transfer to the deposit head "Subventions from Central Road Development Account" is made by credit to "41—Civil Works—Deduct—Amount met from Subventions from Road Development Fund" or other appropriate head of account instead of by credit to "XXX—Civil Works".

The bronze and nickel coin balance in the Mint is provided for in the second part of the bronze and nickel coinage account, *vide* following notes.

(260) This head records the invoice value of the currency silver transferred to the Mints for coinage purposes.

NOTE.—The heads marked M are transactions in the Mint account under “ Bronze (and Copper) Coinage Account ”.

The heads marked T are transactions in the Treasury accounts under “ Bronze (and Copper) Coinage Account ”.

The other heads, except the balances, come in by transfer in making up the account at the end of the year.

(a) Cost of copper, tin, zinc, etc., purchased for Bronze coinage is charged to this head.

(b) Credit receipts to this head.

(c) When copper, etc., is thus transferred, the Mint Master should debit “ Loss on Coinage ” by credit to this head.

(d) This transfer should be made monthly by the Mint Master in his monthly account.

(e) The closing balance of copper, etc., in stock being first ascertained, the difference required to produce this as the balance of Account No. 1 should be transferred in closing the account at the end of the year to Account No. 3 on the books of the Accountant General, Central Revenues, and to credit of A. G., C. R. on the Bombay books.

(f) The Mint Master should credit this by debit to “ Mint Remittances ” or to “ Foreign Remittances ”.

(g) The Government is entitled to bring to account each year, as profit realised, only that portion which belongs to the amount of coin issued for circulation that is passed out of Mint and depôts combined.

The sum of the gross profits brought forward from last year, and the gross mintage profit of the year, must therefore be distributed as follows :—

Let A be the amount of coin in the Mint and depôts on April 1st ;

B be the new coin added to the joint stock during the year ;

C be the net issues to the treasuries ;

$D = A + B - C$  is the balance in Mint and depôts upon March 31st.

Then, out of the whole sum of the gross profit,  $\frac{C}{A+B}$  is the portion to be taken as realised and transferred to Account No. 4.

$\frac{D}{A+B}$  is the portion to be carried forward as balance to next year.

(h) This represents the difference between the nominal value and metal value of uncurrent coins destroyed at the Mints.

(i) This, the final result, is carried to the service head, whether it be on the whole a gain or a loss.

(262) Nickel coinage account is on the Bombay books only and the adjustment follows the rules laid down in the case of Bronze (and Copper) Coinage Account.

25. If the leave of a Government servant who draws his leave-salary in India under the provisions of Fundamental Rule 91 is extended or commuted, the Audit Officer who audited his pay at the time he proceeded on leave must, on receiving advice of such extension or commutation, forthwith communicate it to the Audit Officer within whose jurisdiction his leave-salary is drawn. He should also communicate any other circumstances connected with the leave which may be required to be known to the Audit Officer who passes the Government servant's leave-salary.

26. When no space for the entry of endorsements of payments remains upon the back of a Colonial leave-salary warrant, or when a warrant is lost or destroyed, a fresh warrant should be issued by the Audit Officer who issued the original warrant on the application of the Government servant concerned submitted through the Colonial Disbursing Officer. Issue of a fresh Colonial Leave salary warrant.

27. A Government servant who was on leave in Europe must, on return to India, deliver to the Audit Officer the last-pay certificate obtained by him from the High Commissioner before he can obtain payment of any arrears of leave-salary or pay due to him. A Government servant who has drawn his leave-salary on a warrant must deliver his copy of the warrant, which will serve as a last-pay certificate. Return to duty.

28. Changes in the above rules, except those which relate to Colonial leave-salary warrants, may be made by the Controller of Railway Accounts, or the Military Accountant General in accordance with the special rules of his own department. Railway and Military Accounts Department.

*Special Rules relating to Military Officers.*

29. As soon as the grant of furlough or leave to a Military Officer in Civil employ has appeared in orders, the Audit Officer from whose payment the Officer is transferred to the Civil Department must, in the case of furlough to Europe, North Africa, America or the West Indies, forward to the High Commissioner for India a statement of the officer's service in such form as the Military authorities may prescribe. This statement is not required in the case of officers proceeding on furlough under the Staff or British Leave Rules.

30. When furlough or leave or an extension of furlough or leave is granted to a Military Officer in Civil employ, whether subject to the Civil or the Military Leave Rules, the Civil Audit Officer should intimate to the Audit Officer from whose payment the Officer is transferred to the Civil Department the date of the beginning and end of the furlough or leave, the dates of embarkation and debarkation in the case of furlough out of India, as well as those of being struck-off or of resuming duty.

31. *Deleted.*

32. On the return of an officer from furlough or leave, it will be the duty of the Audit Officer in charge of his record of pension service to satisfy himself that he has returned within his leave; and, if not, to report the case to the authority which sanctioned the leave.

#### *Leave Account.*

33. The leave account prescribed in Fundamental Rule 76 should be kept in F. R. Forms No. 9 and No. 9-A, in respect of Government servants under the Special Leave Rules and Ordinary Leave Rules respectively. The office in which the account should be kept for any Government servant and the person by whom the entries should be attested will be such as are prescribed by the local Government.

The leave accounts of permanent piece-workers and of permanent salaried industrial employees (below the grades of Overseer and Assistant Manager) in the Government of India presses, who are not classed as "Inferior", should be kept in F. R. Forms 9-B and 9-C respectively.

33-A. In the case of Government servants subject to the "Revised Leave Rules, 1933", leave accounts need not be maintained in the forms prescribed in paragraph 33 above, the particulars entered in Service Books or Histories of Services or other records of service being sufficient for the calculation of the amount of leave admissible at any time.

"When a non-gazetted Government servant subject to the Revised Leave Rules is transferred permanently to another Government Department, the Audit Officer of the Department to which he is transferred should prepare a leave account showing the amount of leave earned on the date of permanent transfer and send it to the Audit Officer of the Department to which he is transferred at the same time to the Audit Officer of the Department from which he is transferred so as to enable him to accept the debit on permanent transfer of leave", up to the extent indicated in the above statement, as and when the servant takes leave".

In this book every step in the Government servant's official life should be recorded and each entry should be attested by such superior officer as may be prescribed by the local Government.

35. If a Government servant is transferred to foreign service, the Audit Officer referred to in paragraph 5 above will, on receipt of the service book from the head of the office or department concerned, note in it, under his signature, the order sanctioning the transfer, the effect of the transfer in regard to leave admissible during foreign service and any other particulars which he may consider to be necessary, and return the same to the officer from whom he received it. On the Government servant's re-transfer to Government service, the Audit Officer will again note in the service book, under his signature, all necessary particulars concerned with the foreign service. All entries relating to the time spent in foreign service should be attested by the Audit Officer.

*Instruction for filling up Form No. F. R. 9-A.*

1. The Account is to be maintained in terms of leave on average pay. For this purpose, actual periods of leave taken on half or quarter average pay as entered in column 13 should be divided by 2 and posted in column 14.

2. In the case of officers who were subject to the Civil Service Regulations leave rules before they elected the Fundamental Rules, the account should commence with an opening entry in columns 4, 5, 6, 7, 8, 11, 13, 14, 15, 16, 17 and 18. The words "Due on (date of coming under the Fundamental Rules)" should be written across columns 1, 2 and 3 and against these words credit under Rule 77 (b) (ii) (1) should be given in column 4 and column 6 and that under Rule 77 (b) (ii) (2) and Rule 77 (c) in column 5 and column 7, while debit for commuted furlough taken under the old leave rules should be given in column 11 and that under Rule 78, Note (2) (i) (a), in column 13, one half of the latter being entered in column 14. The sum total of the entries in columns 6 and 7 and in columns 11 and 14 should be entered in columns 8 and 15 respectively. The difference between the entries in columns 8 and 15 should be entered in column 18 and the entry in column 4 or 6 should be repeated in column 16, while the entry in column 5 or 7 *minus* the sum total of the entries in columns 11 and 14 should be shown in column 17.

3. When a Government servant applies for leave, columns 1 to 8 should be filled up. Columns 1, 2 and 3 should show the Government served under and the period of duty up to the date preceding that on which the Government servant intends to go on leave, and columns 4 and 5 should each show 1/11th of this period, (but see Note 2 below), the sum total of the two entries representing the period of leave (*i.e.*, 2/11ths of duty) earned under Rule 77 (b) (ii) (3). To the new entry in column 4 should be added the last entry in column 16 and the resultant figure should be posted in column 6; similarly to the new entry in column 5 should be added the last entry in column 17 and the resultant figure should be posted in column 7. The total of the entries in columns 6 and 7 will be shown in Column 8.

NOTE 1.—If during the period of duty prior to a Government servant's going on leave he has served under two or more Governments, the period of duty and the leave earned under each Government should be shown in separate lines in columns 1 to 5 and the sum total of the new entries in column 4 and the last entry in column 16 should be posted in column 6 and of those in column 5 and the last entry in column 17 in column 7, the total of the entries in columns 6 and 7 being shown in column 8.

NOTE 2.—The sum total of the entries in column 5, inclusive of the opening entry mentioned in instruction No. 2 should not exceed  $2\frac{1}{2}$  years [Rule 81 (a) (ii)], and no entry should be made in this column when this limit of  $2\frac{1}{2}$  years is reached.

When columns 1 to 8 have been posted, column 8 will show the *maximum* amount of leave which may be granted *in terms of leave on average pay* [but see Rule 81 (d)] to a Government servant on the date on which he intends to go on leave. The *maximum* amount of leave *on average pay* which may be granted on that date with medical certificate or out of India and Ceylon will be the sum total of the last entry in column 6, and the unspent balance of "one year" limited to 8 months at a time, provided this sum total is covered by the period entered in column 8; in the case of leave in India or Ceylon

without medical certificate, the maximum will be the last entry in column 6, limited to 4 months at a time. The limits of 8 and 4 months may be exceeded as provided in the note to Fundamental Rule 81 (b).

4. When a Government servant returns from leave, columns 9 to 18 should be filled up. The period of leave taken on average pay should be entered in columns 9, 10 and 11, that taken on medical certificate or spent elsewhere than in India or Ceylon should be entered in column 11 till the limit of one year is reached and thereafter in column 10. The actual periods of leave on half or quarter average pay (together with leave on subsistence grant under the Note to Fundamental Rule 88) and overstayal of leave (*vide* Fundamental Rule 73) should be entered in column 13 and one half of it in column 14.

NOTE 1.—Leave on average pay taken under the Fundamental Rules in India without medical certificate in excess of the last entry in column 6 before the deletion of "*plus 1 year*" from Rule 81 (b) (ii) should be entered in column 11.

NOTE 2.—If the leave taken on half average pay exceeds the amount at credit on half average pay, the excess should be shown in red ink in column 17. If this debit shown in column 17 exceeds the credit, if any, shown in column 16, the net debit in column 18 will be recorded in red ink. The entry in column 18 is the leave due under Fundamental Rule 80. The balance of leave due on average pay shown in column 16 remains unaffected by any debit entries in columns 17 and 18, but cannot be utilised until, under the operation of Fundamental Rules 77 and 81 (e), leave again becomes due under Fundamental Rule 80 and then only to the extent of the leave due.

5. The total period of leave in terms of leave on average pay taken in a Government servant's whole service as entered in column 15 should not exceed the privilege leave credited to him in column 4 on his coming under the Fundamental Rules, *plus* all periods of leave subsequently entered in that column, *plus* 2½ years.

6. When a Government servant is transferred to service under another Government, a separate account should be opened in F. R. Form No. 9 for showing the leave earned under that Government and the leave the cost of which is debited to that Government. This account will be in addition to the main leave account, which must be a complete record of all leave earned and taken under these rules throughout his service.

*Memorandum explaining how the existing orders in the several articles in the Civil Service Regulations have been dealt with in the instructions issued by the Auditor General under Fundamental Rule 74.*

1. *Paragraph 1.*—This includes the provisions contained at present in clauses (a) and (d) of Article 841 of the Civil Service Regulations. Under the existing system of audit it is necessary that the Audit Officer should certify the admissibility of the leave before it is sanctioned. The provision has, therefore, been retained as an instruction of the Auditor General.

2. *Paragraph 2.*—This order is not based on any rule at present included in the Civil Account Code or the Civil Service Regulations. A similar rule is, however, included in some departmental codes (e.g., paragraph 109, Public Works Department Code), and is followed in practice in all civil offices. Only leave which is admissible can be sanctioned and the admissibility of the leave can be verified only by a reference to the leave account. It is considered that an explicit rule to this effect should be contained in the authorised instructions.

3. *Paragraph 3.*—This provides for the orders in the note under Rule 1 below clause (i) of Article 314, Civil Service Regulations.

4. *Paragraph 4, clause (a).*—The provision in this clause is intended to replace the orders contained in Articles 855-A and 856, Civil Service Regulations. The orders as they stand are very complicated and prescribe different sets of procedure for different kinds of officers. It would be sufficient if all the applications are required to be sent to the Civil Audit Officer who will, when necessary, consult the Military Audit Officers. Clause (b) provides for the orders contained at present in Articles 856 (c), 860, the Note under 871 and 875. As the Civil Audit Officer has to consult the Military Controller he can obtain the certificate at the same time.

5. *Paragraph 5.*—This reproduces the portion of the orders in Article 780 Civil Service Regulations, which is essential for purposes of audit.

6. *Paragraph 6.*—Article 865 prescribes the locality in which the leave-salary of a non-gazetted Government servant should be drawn and the conditions which should be observed before it can be paid. Orders regarding locality cannot be issued as part of audit requirements and so paragraph 6 only prescribes the other conditions contained in Article 865. The general orders framed by the Governor General in Council under rule 16 of the Devolution Rules include a provision to the effect that the leave-salary of a non-gazetted Government servant paid in India should be drawn only in that district in which his pay could be drawn if he were on duty.

7. *Paragraph 7.*—This reproduces that portion of the orders in Article 874 which relates to payment of leave-salary in India. The term "office of payment" has been substituted for "treasury" so that the rule may be applied even in the case of those departments which make their own payments, e.g., by cheques.

8. *Paragraph 8.*—This reproduces the orders in Article 878, except that the provision that a certificate is necessary only when the Government servant proceeds from one place to another has been cancelled because an authority from the Audit Officer specifying the leave-salary permissible is necessary

in all cases. A clause has also been added at the end of this paragraph to the effect that, when the Government servant desires to change the office of payment, a fresh leave-salary certificate must be obtained from the Audit Officer within whose jurisdiction his last pay was drawn. This clause is taken from Article 887. As the instructions apply also to cases of Government servants on leave in India, they have been included in this paragraph.

9. *Paragraph 9.*—This reproduces the orders in Article 864, Civil Service Regulations.

10. *Paragraph 10.*—This provides for the procedure laid down in Fundamental Rule 91, by which Government servants who reside in Asia during their leave have to draw their leave-salary in India. The note under the paragraph is an audit requirement.

11. *Paragraph 11.*—is intended to preserve the special procedure obtaining at present in these departments which is safeguarded by Article 866, Civil Service Regulations.

12. *Paragraph 12.*—A last-pay certificate has to be produced by a Government servant who has to draw arrears of leave-salary or pay due under Article 41, Civil Account Code, Volume I (8th edition).

13. *Paragraph 13.*—This reproduces the orders in Article 775-A, Civil Account Code, Volume II (7th edition).

14. *Paragraph 14.*—This reproduces part of the orders in Article 874 Civil Service Regulations, relating to the issue of a leave-salary certificate to those who desire to draw their leave-salary at the Home treasury, and part of the orders in Article 888, Civil Service Regulations, relating to the issue of a Colonial warrant, with this difference that the Audit Officer who audits the pay of a Government servant is required to issue the Colonial leave-salary warrant in the place of Audit Officers at the ports of embarkation in India or Burma who were formerly issuing the warrants as stated in Article 888, Civil Service Regulations. The issue of a separate leave-salary certificate by the Audit Officer concerned as specified in Article 881 becomes unnecessary, as he will himself issue a Colonial leave-salary warrant. A clause has been added to this rule providing for cases in which a gazetted Government servant may wish to draw his leave-salary in India during the first four months of leave on average pay. In these cases a leave-salary certificate, such as is ordinarily issued to a Government servant, drawing his leave-salary in India, should be issued to cover the period during which the Government servant wishes to draw his leave-salary in India. This rule does not provide for non-gazetted Government servants proceeding on leave out of India, as their cases are covered by paragraph 6 of these Instructions.

15. *Paragraph 15.*—This provides for the orders in Article 880, Civil Service Regulations. The note under the article is taken from Article 775, Civil Account Code, Volume II (7th edition).

16. *Paragraph 16.*—Reproduces part of the orders in Article 881 which are not included in paragraph 14, as well as part of the orders in Article 889. The existing orders require that the Government servant going on leave out of India should be paid up to the day before he leaves India.

These orders apply to the case of Government servants who proceed on leave to which no privilege leave is prefixed. When the Government servant goes on privilege leave or on combined leave, he is allowed to draw his allowances in England from the commencement of such leave. In future it would be simpler to have the leave-salary due from the commencement of the leave paid in England, if the Government servant so chooses, in all cases, subject to the conditions in Fundamental Rule 91. This rule accordingly provides that the Government servant should be paid up to the date of his relief.

17. *Paragraph 17.*—This reproduces the orders in Article 882, except that it is provided that the Government servant should be paid up to the date of his relief and not up to the date of his sailing.

18. *Paragraph 18.*—This is taken from Articles 872 and 873, Civil Service Regulations.

19. *Paragraph 19.*—This is in accordance with Article 904, Civil Service Regulations.

20. *Paragraph 20.*—This reproduces the orders in Article 883, Civil Service Regulations. As, under Fundamental Rule 68, the leave of a Government servant commences on the day on which transfer of charge is effected and does not depend upon the date of departure of the vessel in which the Government servant sails, the report of actual sailing is not required in the case of those to whom the rules in sections I to V of Chapter X of the Fundamental Rules are applicable.

21. *Paragraph 21.*—This provides for the orders in Article 884 and part of Article 889. "The High Commissioner for India" has been substituted for the "Secretary of State" and "India Office" as the former officer is now making payments of leave-salary in England.

22. *Paragraph 22.*—This reproduces the orders in Article 885, Civil Service Regulations.

23. *Paragraph 23.*—This provides for the orders in Article 898 (a), Civil Service Regulations.

24. *Paragraph 24.*—This is taken from the latter part of Article 300, Civil Service Regulations.

25. *Paragraph 25.*—This is a reproduction of the orders in Article 877, Civil Service Regulations.

26. *Paragraph 26.*—This is a part of the orders in Article 889, Civil Service Regulations.

27. *Paragraph 27.*—This is taken from Articles 886 and 890, Civil Service Regulations.

28. *Paragraph 28* is taken from Article 876, Civil Service Regulations.

29. *Paragraphs 29 to 32* are taken from Articles 855, 857 (b) and (c) and 611, Civil Service Regulations.

30. *Paragraph 33.*—This is a necessary record for purposes of reference.

31. *Paragraphs 34 and 35.*—These rules indicate the form in which records of service of non-gazetted Government servants should be maintained and the procedure that should be followed in maintaining them.

## F. R. FORM NO. 5-A.

6. A Government servant taking leave out of India on medical certificate should take with him one copy of the Medical Report upon his case, and be prepared to produce it before the Medical Board at the India Office if required to do so. Leave on medical certificate.

If a Government servant proceeds on extraordinary leave out of India, or on leave on average pay out of India during which he does not propose to draw leave-salary, or if a Government servant proceeds to a Colony, he should obtain a certificate of leave in Form No. II under the Supplementary Rules from the Audit Officer who audits his pay in his last post. 8. Subscriptions on account of the Bengal, Bombay and Madras Civil Funds, and the Bengal and Madras Service Family Pension Fund may be paid either in India or in England at the option of the subscriber and arrangement should be made for such payment by the subscriber. In the case of Military Officers in Civil employ subscriptions on account of Indian Military Service Family Pension Fund will be deducted from the leave-salary of the officers concerned. Officers should see that the necessary deductions are made. Premia and subscriptions on Postal Insurance policies and contracts for monthly allowances, subscriptions for the Bengal Uncovenanted Service Family Pension Fund, the Bombay Family Pension Fund of Government servants, the General Family Pension Fund and the Hindu Family Annuity Fund are not payable in England.

9. Subscriptions to the General Provident Fund may be paid by remittance in cash to the Audit office which audited his pay in his last post in the case of a Government servant on leave who draws his leave-salary from a Colonial Treasury but when a subscriber draws his leave-salary from the Home treasury of the Government of India, his subscription may be paid by deduction from such salary.

A Government servant who draws his leave-salary from the Home treasury and who desires to subscribe during his leave or any part of it must notify his intention beforehand in order to allow of the deductions from his leave-salary being noted in his leave-salary certificate. Unless an extension of leave is granted, the option thus notified will be final.

10. Before departure on leave, a subscriber to the Indian Civil Service Provident Fund should intimate to the Account officer of the province or department in which he is permanently employed the amount which he desires to contribute monthly during his leave. A subscriber to the Bengal and Madras Service Family Pension Fund should communicate with the Accountant General, Central Revenues; and a subscriber to any other fund with the Secretary of the Fund concerned, informing him of the arrangement he proposes to make regarding the payment of his subscription during his absence.

11. Contributions due under the Indian Civil Service Family Pension Regulations must be paid in England in sterling. If a subscriber previous to quitting India has commenced the payment of any donation by instalments, he may either complete the payment of his donation in India before leaving or pay the remaining instalments in England at English rates. Subscribers to this fund will obtain from the Audit Officer who audits their

16. If a Government servant drawing his leave-salary in a Colony desires to transfer payment to the Home Treasury, he can do so on production of his warrant to the High Commissioner. If one drawing his leave-salary from the Home treasury desires to transfer payment to a Colony, he must obtain a warrant from the High Commissioner. A transfer of this kind must be reported by the Government servant to the Governor General in Council.

17. A Government servant absent on leave in Europe, North Africa, America or the West Indies, who wishes to have his leave extended or commuted, must apply to the High Commissioner for India about three months before the expiry of his leave, and, unless the extension is desired on medical grounds, or is for a period of not more than 14 days, he must produce with his application evidence that the Government on whose cadre he is borne has been referred to by him and has no objection to the extension or commutation desired. It is in exceptional cases only that the High Commissioner will grant an extension without the production of such evidence and then for such period only as may be necessary to obtain the orders of the Government concerned, which will be sought by telegraph at the applicant's expense.

18. If on medical grounds a Government servant on leave in any of the localities named in paragraph 17 desires an extension for more than 14 days he must satisfy the Medical Board at the India Office of the necessity for the extension. In order to do so, he must, as a general rule, appear at the India Office for examination by the Board, but in special cases, and, particularly, if he is residing at a distance of more than 60 miles from London, a certificate in a form to be obtained from the High Commissioner may be accepted if signed by two medical practitioners. A certificate obtained outside the United Kingdom and signed by foreigners must be attested by consular or other authority as bearing the signature of qualified medical practitioners. If application for extension be delayed until the last two months of leave, advice of any extension granted for a period of more than seven days will be sent to India by telegraph and the cost of the telegram will ordinarily be charged to the Government servant.

19. If a Government servant on leave in any of the localities named in paragraph 17 has been granted leave on medical certificate and desires an extension on grounds other than medical, he must satisfy the Medical Board as prescribed in paragraph 18 above that he has recovered his health. Any such extension without medical certificate will only be admissible if the extension was due at the time the original leave was granted.

In the case of a Commissioned Medical Officer the local Government will make a reference to the Director General, Indian Medical Service, before granting the permission.

20. A Government servant on leave out of India elsewhere than in any of the localities named in paragraph 17 who wishes to have his leave extended or commuted must apply three months before the expiry of the leave to the authority in India which granted it.

he takes charge of his duties, unless he takes charge in the afternoon, when the leave terminates on and includes that day.

34. On return to duty, the last-pay certificate obtained from the High Commissioner should be exchanged for a last-pay certificate which the Audit office of the province to which he has been posted will furnish addressed to the treasury or office at which, after his return, the Government servant intends to draw his pay and allowances.

35. A Government servant returning from leave out of India may be granted an advance of his leave-salary for the unexpired portion of his leave subject to a maximum of 35 days from the date of embarkation for India. On arrival in India an advance may, if he desires it, be paid to a Government servant by or under the order of the Audit office of the province in which the advance is sought to be drawn under Article 159 (b) of the Civil Account Code, Volume I. Advances.

To a Chaplain appointed before the 7th June 1923, who is proceeding on leave to England, an advance of three months' leave-salary may be made, provided that no part of the leave is on average pay. Such an advance is not recoverable in the event of the Chaplain's death.

To a Military Officer subject to the Military Furlough Regulations of 1868 proceeding on furlough (not combined with privilege leave) to England, an advance of furlough pay may, if he desires it, be made for three months from the date of embarkation. Payments in continuation will be made in England on the expiration of four months from that date.

36. A Government servant is not permitted to take any service or accept any employment without obtaining the previous sanction of— Acceptance  
service dur-  
leave.

(a) the Secretary of State, if the Government servant is residing in Europe, North Africa, America or the West Indies ; or

(b) the Governor General in Council or the authority competent to appoint him, if he is residing elsewhere.

1. A Civilian Government servant on leave, who has received orders from the War Office or any other department of State in England to undertake any duty in the case of a national emergency, should obtain the permission of the Secretary of State before complying with such orders.

37. Government servants from India in the United Kingdom suffering from Tropical Diseases are not always aware that, whether they are actually on leave on medical certificate or not, it may be to their advantage to appear before the Medical Board in order that the Board may advise them as to the best steps to take regarding such diseases. Arrangements have been made for the diagnosis and preliminary treatment of the diseases, and for the admission of officers, when necessary, as in patients at the Hospital for Tropical Diseases, Endsleigh Gardens, N. W. 1. A report is furnished to officers by the Hospital, which they can take with them to their own Medical adviser to enable him to carry out the treatment suggested. The cost of the examination and preliminary treatment at the

26. A Government servant, who is required to produce a medical certificate of fitness before returning to duty, must obtain permission to return to duty before so returning.

27. If the Government servant desiring to return is on leave in any of the localities named in paragraph 17, his application must be made to the High Commissioner and he must satisfy the Medical Board at the India Office of his fitness to return at least two months before the expiry of his leave. In order to do so, he must follow the procedure prescribed in paragraph 18 above. When the Medical Board has been satisfied, the High Commissioner will grant permission to return.

28. If the Government servant desiring to return is on leave out of India elsewhere than in the localities named in paragraph 17, his application must be made to the authority which granted his leave and must be accompanied by a certificate of fitness in the prescribed form.

29. Permission to return will not be granted to a Government servant to whom no leave-salary certificate or Colonial leave-salary warrant has been issued, until he produces a certificate of leave.

30. Before returning to duty, a Government servant on leave in Europe must obtain a last-pay certificate from the High Commissioner and bring it with him to India and not leave it with his Home Agent, as it will be required for presentation to the Audit Officer, if it is desired to draw on arrival in India the advance which is permissible under paragraph 35. In such an event the English last pay certificate should be with the Government servant, as it facilitates his identification at the Audit Office and the advance has to be recorded on the certificate. A last-pay certificate will not be granted to a Government servant to whom no leave-salary certificate has been issued unless he produces a certificate of leave. A Government servant who has drawn his leave-salary on a warrant must, on return to India, deliver to the Audit Officer, by whom the pay of the post which he will join will be audited, his copy of the warrant which will serve as a last-pay certificate.

31. A gazetted Government servant must report his return to duty to the Government under which he is serving. A Chaplain must report his return to the Bishop of his Diocese also.

32. A Government servant is not entitled on his return from leave to resume, as a matter of course, the particular post he vacated before his departure on leave, even though that post may be his substantive post ; he must report his return to duty and await orders.

NOTE.—Members of the Engineer or Upper Subordinate Establishment of the Public Works Department should, on arrival at the port of debarkation, report themselves personally to the Secretary in the Public Works Department of Bengal, Madras, Bombay or Burma as the case may be, and ask for orders. If they return, *via* Karachi, they should apply to the office of the Executive Engineer, Karachi Canals, for orders.

33. A Government servant may return to India by any port and his leave ends on the day preceding that on which the vessel arrives at the port where he last quits it. If, however, the leave from which he returns is of four months' duration or less, his leave ends on the day preceding that on which

he takes charge of his duties, unless he takes charge in the afternoon, when the leave terminates on and includes that day.

34. On return to duty, the last-pay certificate obtained from the High Commissioner should be exchanged for a last-pay certificate which the Audit office of the province to which he has been posted will furnish addressed to the treasury or office at which, after his return, the Government servant intends to draw his pay and allowances.

35. A Government servant returning from leave out of India may be granted an advance of his leave-salary for the unexpired portion of his leave subject to a maximum of 35 days from the date of embarkation for India. On arrival in India an advance may, if he desires it, be paid to a Government servant by or under the order of the Audit office of the province in which the advance is sought to be drawn under Article 159 (b) of the Civil Account Code, Volume I. Advances.

To a Chaplain appointed before the 7th June 1923, who is proceeding on leave to England, an advance of three months' leave-salary may be made, provided that no part of the leave is on average pay. Such an advance is not recoverable in the event of the Chaplain's death.

To a Military Officer subject to the Military Furlough Regulations of 1868 proceeding on furlough (not combined with privilege leave) to England, an advance of furlough pay may, if he desires it, be made for three months from the date of embarkation. Payments in continuation will be made in England on the expiration of four months from that date.

36. A Government servant is not permitted to take any service or accept any employment without obtaining the previous sanction of— Acceptance  
service dur-  
leave.

(a) the Secretary of State, if the Government servant is residing in Europe, North Africa, America or the West Indies; or

(b) the Governor General in Council or the authority competent to appoint him, if he is residing elsewhere.

1. A Civilian Government servant on leave, who has received orders from the War Office or any other department of State in England to undertake any duty in the case of a national emergency, should obtain the permission of the Secretary of State before complying with such orders.

37. Government servants from India in the United Kingdom suffering from Tropical Diseases are not always aware that, whether they are actually on leave on medical certificate or not, it may be to their advantage to appear before the Medical Board in order that the Board may advise them as to the best steps to take regarding such diseases. Hospital for  
Tropical  
Diseases,  
Endsleigh  
Gardens.

Arrangements have been made for the diagnosis and preliminary treatment of the diseases, and for the admission of officers, when necessary, as in patients at the Hospital for Tropical Diseases, Endsleigh Gardens, N. W. 1. A report is furnished to officers by the Hospital, which they can take with them to their own Medical adviser to enable him to carry out the treatment suggested. The cost of the examination and preliminary treatment at the

Hospital, and also that of the accommodation supplied to officers admitted as in-patients, is defrayed by the India Office. The Hospital is, however, permitted to charge a special extra fee to senior officers of the Civil Department who on admission as in-patients, are, at their own request given special accommodation. This extra fee is payable by the officer himself, the India Office paying that portion only of the total charge which represents the cost of ordinary, as distinct from special, accommodation.

To secure these advantages, however, a recommendation to the Hospital for Tropical Diseases by the Medical Board is necessary, and, therefore, Government Servants who wish to avail themselves of this arrangement should apply to appear before the Medical Board of the India Office as soon as possible after arrival.

## APPENDIX 10-A.

Rules for regulating the exhibition of recoveries of expenditure in Government Accounts [issued by the Auditor General in exercise of powers conferred upon him by Rule 20 of the rules framed by the Secretary of State in Council under Section 96D(1) of the Government of India Act].

1. These rules shall come into force with effect from the accounts for 1928-29.

2. The term "recoveries" as used in these rules should be understood in the sense of repayments by another Government Department or an outside body or person of expenditure initially borne by a Government Department and recorded as such in its accounts.

3. Recoveries from private persons or bodies (including local funds, Indian States and Governments outside India) should, as a general rule, be treated as revenue and not as deduction from expenditure.

*Exceptions.*

- (i) When a Government undertakes a service merely as an agent of a private body, so that the entire cost of the service is recovered from that body, the *net* cost to Government being nil, the recoveries may be taken in reduction of expenditure.
- (ii) Recoveries of expenditure on works in progress and transactions of stock and other suspense accounts :—

The technical estimates take cognisance of all anticipated receipts from sale proceeds of materials, plants, etc., received from the old structure, while the receipts under "Stock and Suspense" are by their very nature inseparable from the expenditure recorded under the main head. It is, therefore, proper that recoveries falling under these two categories should continue to be treated as reduction of gross expenditure.

4. As between two or more Governments as defined in Article 33-A of the Civil Account Code :—

- (a) If the recoveries represent no more than debits to another Government of expenditure which was so debitable from the moment it was sanctioned, they should not be treated as revenue of the Government effecting the recoveries but as deduction from expenditure.
- (b) In the case of joint establishments, where the expenditure is not shared by two or more Governments *ab initio* but is incurred by one of the Governments and partially repaid by the others, the repayment, if made while the accounts of the year are still open, should be treated as deduction from expenditure.
- (c) Recoveries of the classes falling under (a) and (b), if effected after the closing of accounts of the year in which the expenditure was incurred, should be treated as revenue.

(d) Recoveries on account of commuted value of pensions effected from other Governments should be treated as deductions from expenditure; *See footnote (219-C) to Appendix 7.*

(e) All other recoveries should be credited as revenue of the recovering Government, whenever they are received.

5. As between different departments of the same Government, the recoveries should be treated as deduction from the gross expenditure, except such recoveries as are made by a Commercial Department, which should be treated as receipts of that department.

NOTE.—The term “recoveries by a Commercial Department” for the purpose of this rule is intended to apply to recoveries in respect of services rendered to other departments in pursuance of the proper functions for which the Department is constituted; that is to say, in the case of the Indian Posts and Telegraphs Department, recoveries will be treated as receipts only when they are made in respect of Postal, Telegraph or Telephone services rendered to the other departments. Where, however, a Commercial Department acts as an agent of another department for the discharge of functions not germane to the essential purpose of the Department, the recoveries should be taken in reduction of expenditure.

6. Notwithstanding anything to the contrary that may be provided by or under these rules, receipts and recoveries on Capital Account in so far as they represent recoveries of expenditure previously debited to a capital major head should be taken in reduction of expenditure under the major head concerned, except where, under the rules of allocation applicable to a particular department, such receipts have to be taken to revenue.

7. In case of doubt or dispute, the authority to decide whether any particular recovery is classifiable as revenue or as deduction from expenditure under the above rules rests with the Auditor General.

## APPENDIX 11.

[See Art. 299.]

**Special instructions for audit of pay bills of establishments on time-scale of pay.**

*N.R.*—(a) It has been found by experience that the use of certain modified forms facilitates the application of the method of audit laid down in the following instructions. Model forms were circulated with Auditor General's letter No. 972-Admn./1160—20, dated the 2nd June 1922. The special form of establishment pay bill with increment certificate and absentee statement is not included in this appendix.

(b) It is not intended that the procedure outlined in the following rules should be followed literally in every minute detail and Accountants General may at their discretion vary the minor details according to circumstances.

(c) An Accountant General may, at his discretion, depart from the instructions contained in this appendix in respect of any particular large establishment, if, in his opinion, the conditions obtaining in respect of that establishment are such as to render it very difficult to apply these instructions and if he is convinced that a nominal audit will be considerably more efficient.

1. On the introduction of a time-scale of pay in an establishment, it is of vital importance to scrutinize the calculations of the initial rate of pay and the date of next increment fixed for each Government servant borne on that establishment. On it depends the correctness of the pay to be drawn year after year until the Government servant is stopped at an efficiency bar or reaches the maximum of the time-scale. In such cases the Head of the office should be required to submit to the Audit office a detailed statement showing the calculation of initial pay of each member of the establishment in Form A annexed. Where the initial rates of pay are dependent to any extent on service, they can be checked only with the service books which are with the Head of the office. This work can, therefore, be best done at local inspections, but when such inspections are not possible within a reasonable time after the date of the introduction of the time-scale, the service books should be required to be sent to the Audit office for the purpose of the necessary check. In any case the whole or a large percentage of the initial rates and the date of next increment must be checked.

2. For the purposes of audit, establishments on time-scales of pay fall under two groups, *viz.*—

(i) those for which an establishment return (C. A. C. Form 3) is received in the Audit office, and

(ii) those for which no such return is received in the Audit office.

3. For all establishments for which no annual establishment return is received, the audit will be by numbers only and no amounts at all will be entered in the Audit Register.

(a) When a sanctioned cadre contains its own leave reserve, the number to be entered is the sum of those drawing duty-pay and of those drawing leave-salary.

(b) Where officiating arrangements in leave vacancies are permissible, then it will be necessary to record, separately, the number (i) drawing substantive pay, (ii) on leave, and (iii) drawing officiating pay. When the audit is

not conducted in the provincial audit form, these can be recorded under one another with the letters S, L, O, respectively, against them, thus :—

118	..	..	S	..	..	..	..	6.25
Vr.—	..	..	L	..	..	..	..	2.29
5	..	..	O	..	..	..	..	1.21

The audit check will consist in seeing that S+L and S+O are each within the sanctioned scale. Alternatively Form 86 may be used for the Audit Register.

In the case of establishments referred to in this paragraph, the sums held over or refunded need not be noted in the Audit Register. The record of audit of supplementary claims should be made in the original monthly bill from which the claim was either omitted or in which it was shown as held over.

NOTE.—In provinces where large temporary or non-pensionable establishments are employed from year to year on time-scales of pay for which no annual establishment return is usually received, the Accountant General may at his discretion conduct the audit both against number as well as against permissible expenditure as laid down in rule 4.

4. For all establishments for which an annual establishment return is received the audit will be by numbers as well as against permissible expenditure. As regards the audit by numbers, the instructions in paragraph 3 apply subject to the further instructions in paragraphs 7 and 8. The audit against the permissible expenditure will be conducted in the manner laid down in paragraphs 5 to 13.

5. The first monthly permissible expenditure on the introduction of a time-scale will be worked out on a fly leaf of the Audit Register in Form 88 annexed, which should be compiled from the statement of initial pay, Form A. For this purpose all men on duty temporarily outside the cadre or on leave should be counted as if on duty, the pay of temporary men officiating in permanent vacancies should be added, and for all unfilled vacancies there should be added the minimum pay of the post. Corrections will be made during the course of the year in the fly leaf with respect to the permissible monthly outlay only in regard to permanent factors, such as increments, retirements and deaths and consequent new appointments, and increases and decreases of scale. The fly leaf will contain the names of all the permanent men in the cadre with their present rates of pay, as well as columns for showing current permanent changes in monthly permissible expenditure; the total only being carried to the Audit Register. These permanent changes will relate chiefly to increments, deaths, etc., and two columns, A and B, are provided for the purpose. The columns marked B will contain broken amounts for a current month noted from current bills. The columns marked A will contain the full monthly amounts drawable from the 1st of the month following that in which the event occurs. Thus the expenditure for broken periods of a month will be kept separate from the monthly scale, *e.g.*, for an increment of Rs. 4 falling due on the 16th April, an entry of Rs. 2 will appear in the B column for April, and Rs. 4 in the A column for May. If an event falls due

on the 1st of the month, an entry in column A of the current month alone will be sufficient. In determining the monthly permissible expenditure, only column A will be cumulative—thus for the months of April and May:—

	April		May	
	A	B	A	B
	<hr/>		<hr/>	
TOTAL	+16	+12	+18	+14
	<hr/>		<hr/>	
Last month's figures ..	2,579		2,595	
Fresh total ..	2,595		2,613	
Form B ..	12		14	
Monthly expenditure..	2,607		2,627	

The names of the men holding permanent posts will be entered in order of seniority as measured by substantive pay drawn and below these will be shown the posts left vacant.

Besides alterations due to increments, the columns will in the same way show all other permanent alterations due to deaths, retirements, etc., and thus negative alterations will sometimes arise. For this purpose, substantive arrangements made under Rule 13 of the Fundamental Rules in place of officers whose lien has been suspended will be considered as permanent. No corrections will be made in permissible expenditure with regard to leave and officiating arrangements, except that the pay of temporary men officiating in permanent vacancies will be added to the permissible expenditure as stated in the beginning of this paragraph.

The fly leaf for April of each year should be checked with the annual establishment return which should include the names of all men holding temporary posts on the date to which it relates, indicating which of these are officiating in temporary and which in permanent vacancies.

Some clerical labour in preparing the fly leaf may be saved by utilising the duplicate copy of the annual establishment return.

NOTE.—In regard to increments, the permissible expenditure should not be corrected until the increment certificate is received. When that certificate is received after the month in which it falls due, the permissible expenditure previously entered for the month or months affected will require correction.

If, however, the increment falls due when a Government servant is on leave and the increment certificate is received during the period of leave, the immediate action should be confined to the entry of a note on the fly leaf, as the increased rate of pay will not be drawn until the Government servant returns from leave. On the strength of this note, the permissible expenditure should be increased as soon as the Government servant returns to duty.

6. In the case of large establishments, however, it may be found inconvenient to adopt the fly leaf in Form 88. In such cases, as well as in any other case, the Accountant General may at his discretion adopt the simplified by leaf in Form 89.

In Form 89 the net *add* or *deduct* entires on account of casualties should be filled up from the pay bill, and the total addition on account of increments from the increment certificate. The auditor should also keep the duplicate copy of the annual establishment return ready for reference in checking increments and making such notes as may be necessary. When a change does not take effect from the first of the month the bill for which is under audit, the amount relating to that month should be posted in column B and the amount for the whole month should be recorded in column A of the following month.

7. In the audit of a bill it will first of all be necessary to check all the items in the bill corresponding to items in the absentee statement, and at this stage the admissibility of the leave-salary and officiating pay of the men involved will come under audit. Ordinarily, with a time-scale, there will be only one officiating arrangement against each vacancy. If an establishment contains its own leave reserve no question of extra cost can arise but there may be savings. If, however, a cadre does not include its own leave reserve, then extra cost and savings will possibly both arise. For instance, any difference between a man's leave-salary and his normal duty-pay will be a saving, while the pay of men officiating in leave vacancies will always be extra cost. The savings and extra cost will be worked out and totalled by the Audit office in special columns in the absentee statement and the totals posted in the audit cage in the course of audit. The auditor will next audit first against the fly leaf in Form 88 (or against the annual establishment return if Form 89 is used) and then in the bill itself all items corresponding to the names entered in the increment certificate, using the blank column in the bill form for noting extra cost and savings. Then the remaining items in the bill against which there is something in the remarks column should be audited and any changes affecting the fly leaf incorporated therein. None of the remaining items in the bill need be checked. The total of the bill will be entered in black in the Audit Register. There will also be entered in red ink any sums held over (H. O.) for future payment. It will be convenient to record a number against the held-over amounts. The gross total of extra cost (E. C.) and savings (S.) will also be entered in the Audit Register in red and black, respectively, from the absentee statement. The number to be entered in the Audit Register will be—

- (a) when a cadre does not contain its own leave reserve, the sum of the number of men drawing duty-pay (substantive or officiating);
- (b) if it does contain its own leave reserve, then the sum of the number of men drawing duty-pay and of those drawing leave-salary.

This number will be noted in black ink in brackets between the voucher number and the amount. In each case the total amount of the bill will be entered, although in the former case the men on leave are omitted as regards number. It will be necessary to require officers to report in their absentee statement the number of permanent posts left unfilled. The pay for these

posts at the minimum rate should be included in the amount of savings worked out and the number shown in brackets in red ink with S. against it.

NOTE 1.—When the increment claimed operates to carry a Government servant over an efficiency bar it should be supported by a declaration from the authority empowered to allow the increment that it has satisfied itself that the Government servant in question is fit to pass the efficiency bar.

NOTE 2.—To facilitate the audit of leave-salary of non-gazetted Government servants, drawing officers should submit with their establishment pay bills a statement, duly attested by them, showing the calculation by which the amounts drawn in the bills on account of leave-salary have been deduced. An arithmetical check of these statements, in the Audit Office is ordinarily sufficient, reference to previous pay bills or other connected documents being made in doubtful cases only. The rate of leave salary, as shown in the statement, should be noted in the audit register and the leave salary subsequently drawn should be audited with reference to this entry.

8. The audit check will be to see that the total of black numbers does not exceed the sanctioned scale, and that the total of the black amounts (*i.e.*, the total of the bill and savings) *plus* the amount held over, *less* the extra cost which is recorded in red ink, does not exceed the monthly permissible expenditure.

9. It will be noticed from the instructions in paragraph 7 that the amount held over for future payment should be noted in the Audit Register so that subsequent drawals of such amounts may be recorded against these notes. The same procedure will apply to amounts refunded.

10. Once a year, a nominal test check for rate of pay only drawn in one month's bill, selected by the Deputy Accountant General, should be undertaken. Any errors found in this month's bill must be traced through the bills of the year or years concerned.

11. In cases where only one name affecting a particular cadre appears in one bill, *e.g.*, Sub-Assistant Surgeons who draw their pay on separate bills, Inspectors of Excise, etc., the simplest audit amounts practically to a nominal audit and should be conducted in an Audit Register in Form 87.

Alterations of pay and allowances will be shown in column 2 as they arise. Under the audit month the initials of the auditor are sufficient if the payment is a regular one. If it is a broken payment brief notes should be recorded.

12. In the case of large establishment, bills for which are drawn from more than one centre, arrangements should be made to obtain consolidated establishment lists and absentee statements for facility of audit under this scheme.

13. As, under this scheme, the accrual of increments will be audited either against a fly leaf or against the duplicate copy of the annual establishment return, a local check of increments, after the check of initial pay, which is most important, will not be necessary.

## Rules for the Accounting and Auditing of the Passage Concessions.

*N.B.*—The form of Questionnaire prescribed by the Secretary of State for obtaining information regarding the domicile of a Government servant will be found in the Annexure to this Appendix.

1. *Maintenance of Personal Passage Accounts.*—A *Pro formâ* account will be maintained outside the Government Account for each officer, and for each member of his family, who is eligible for the benefits of the Passage Regulations. This will be called the Personal Passage Account. The account will be in form 90, one form being allotted for each beneficiary. Bound books will be used, a separate volume being maintained for each service or otherwise as may be deemed fit. A suitable index will be maintained for each volume. Each account will be kept in sterling. In it will be recorded :—

- (i) the total value equal to the cost of passages admissible under Regulation 6 ;
- (ii) the cost of each passage as defined in Regulation 2 (c), subject to the limit prescribed in Regulation 8 ;
- (iii) the actual cost of any railway fare permissible under Regulation 8 ;
- (iv) the balance at the credit of the officer and of each member of his family ;
- (v) any variation in the balance required under Regulation 11.

Whenever a certificate in Form 91 or Form 92 or Form 94 is issued, the number and date of the certificate should be entered in the "Remarks" column.

NOTE 1.—Regulation 11 in Schedule IV of the Superior Civil Services Rules should be followed in recalculating the credits in the Personal Passage Accounts of officers and their families on account of increase or decrease in the passage rates.

In the case of an officer who purchased a return ticket by the Peninsular and Oriental Steam Navigation Company or by other Steamship Companies prior to the date of reduction of the P. and O. passage rates, but who used the return half after that date, the adjustment to be made in his passage account will be as follows :—

- (a) If the return ticket is by Peninsular and Oriental 1st Class B, by the all sea route, no adjustment in the passage account of the officer is necessary. The refund will not affect the balance at credit in the Passage Account. It would suffice if a note of refund of the amount made by the Steamship Company is kept in the Remarks Column of the Passage Account.

- (b) In all cases not covered by clause (a) the adjustment in the passage account of the officer should be made in the manner indicated below :—

(i) Credit balance prior to the issue of the return passage .. ..	A
(ii) Cost of the return passage paid at the pre-reduction rates .. ..	B
(iii) Credit balance in the Passage Account after debiting the cost of the return passage .. ..	A—B
(iv) Cost of the unused half of the return ticket (at pre-reduction rates) .. ..	C
Real Credit balance on the date of reduction of rates, including the cost of the unavailed return half .. ..	A—B+C
Proportionate reduction (at X per £) under Regulation 11 of the Passage Regulations .. ..	X (A—B+C)
Refund by the Steamship Company .. ..	R
Credit balance after the adjustment of the refund .. ..	A—B+R— X (A—B+C).

NOTE 2.—The personal passage accounts of all officers of the Indian Audit and Accounts Service who are eligible for the passage concessions, with the exception of those on foreign service whose pension contributions are not watched by the Accountant General, Central Revenues, or such of those officers as are employed under the Provincial Governments, should be maintained in the office of the Accountant General, Central Revenues.

NOTE 3.—All the Home Lines carrying passengers to and from India at present quote their fares in sterling.

In the few cases in which the fares are quoted in rupees without any reference to sterling, the rupee fares will be converted into sterling at the same rate as is adopted in converting sterling fares into rupees under paragraph 5 below.

NOTE 4.—Credit in respect of passage for children under 12 years of age should be at adult rate.

The value credited to the Personal Passage Account of an officer for his child can be utilized to meet the cost or part of the cost of more than one passage actually engaged for that child.

NOTE 5.—A Personal Passage Account should be credited with the cost of the appropriate number of return passages by P. and O. 1st class B at the rate for return passages determined with reference to Regulation 2(c). In normal circumstances, when the return journey is expected to be performed within the period of validity of a return ticket the maximum admissible for expenditure by officers and their families on a journey from India to the United Kingdom and back should be restricted to the cost of a return P. and O. 1st class B passage by sea between Bombay and London, whether the passage is performed on a return ticket or on two single tickets. Special cases in which the purchase of a return ticket is clearly impracticable will be considered on their merits, and a certificate authorising expenditure up to the cost of a single P. and O. 1st class B passage by sea between Bombay and London on the onward journey will be issued where the facts are held to justify this course. The authority competent to decide whether a particular case is special or not is the Audit Officer who issues the passage certificate.

NOTE 6.—Under the Passage Regulations an officer is free to choose the line of steamers by which he will travel and is not debarred from booking a 2nd class passage or a passage in any lower class. The saving accruing from the exercise of either of these options will remain at credit in the Personal Passage Account of the person or persons concerned and can be used towards meeting the cost or part of the cost of additional passage or passages engaged upon in excess of the number of P. and O. 1st class B passages whose value has been credited to the Personal Passage Account concerned.

2. As the accounts are purely personal, the credit outstanding in the account of each person can only be utilised for the benefit of that person. Whenever any member of an officer's family dies or ceases to be eligible for the benefits under the Passage Regulations, his or her account should be closed by noting the word "Closed" and the reason therefor shown in Form 90. The balance, if any, in the account of a member of an officer's family when it is closed may not be transferred to the account of the officer or of any other member of his family. When the officer himself ceases to be eligible for the passage concessions, the whole set of accounts of that officer and of his family should also be closed after due time has been given for advantage to be taken of the benefit permissible under Regulations 7 and 12. Any credit outstanding in the account lapses.

3. *Procedure for engaging passages.*—The application for passage or passages will be made by the officer in Form Civil Account Code 2-B. If the officer is entitled (having due regard to the balance in the account of the person for whom the passage is claimed and to the provisions of Regulation 8) to the cost of the passages applied for, an authority in Form 91 will be issued to the officer. Form 91 will be printed in two foils, of which one should be kept as an office copy. The forms will be machine-numbered serially for each year and bound in books of convenient size. As these forms furnish authorities for payment, they should be carefully kept under lock and key in charge of the Superintendent, Gazetted Audit Department.

NOTE 1.—Return passages may be applied for and authorised in the manner indicated above except in cases in which an officer is proceeding on leave, at the end of which he is due to retire or declare his intention to do so, when he is entitled to single passages only.

## APPENDIX 15.

In the case of an officer who purchased a return ticket by the Peninsular and Oriental Steam Navigation Company or by other Steamship Companies prior to the date of reduction of the P. and O. passage rates, but who used the return half after that date, the adjustment to be made in his passage account will be as follows :—

Refund by the Steamship Company .. ..	R
Credit balance after the adjustment of the refund .. ..	A—B+R— X (A—B+C).

## APPENDICES.

[No. 15]

NOTE 2.—The personal passage accounts of all officers of the Indian Audit and Accounts Service who are eligible for the passage concessions, with the exception of those on foreign service whose pension contributions are not watched by the Accountant General, Central Revenues, or such of those officers as are employed under the Provincial Governments, should be maintained in the office of the Accountant General, Central Revenues.

NOTE 3.—All the Home Lines carrying passengers to and from India at present quote their fares in sterling.

In the few cases in which the fares are quoted in rupees without any reference to sterling, the rupee fares will be converted into sterling at the same rate as is adopted in converting sterling fares into rupees under paragraph 5 below.

NOTE 4.—Credit in respect of passage for children under 12 years of age should be at adult rate.

The value credited to the Personal Passage Account of an officer for his child can be utilized to meet the cost or part of the cost of more than one passage actually engaged for that child.

NOTE 5.—A Personal Passage Account should be credited with the cost of the appropriate number of return passages by P. and O. 1st class B at the rate for return passages determined with reference to Regulation 2(c). In normal circumstances, when the return journey is expected to be performed within the period of validity of a return ticket the maximum admissible for expenditure by officers and their families on a journey from India to the United Kingdom and back should be restricted to the cost of a return P. and O. 1st class B passage by sea between Bombay and London, whether the passage is performed on a return ticket or on two single tickets. Special cases in which the purchase of a return ticket is clearly impracticable will be considered on their merits, and a certificate authorising expenditure up to the cost of a single P. and O. 1st class B passage by sea between Bombay and London on the onward journey will be issued where the facts are held to justify this course. The authority competent to decide whether a particular case is special or not is the Audit Officer who issues the passage certificate.

NOTE 6.—Under the Passage Regulations an officer is free to choose the line of steamers by which he will travel and is not debarred from booking a 2nd class passage or a passage in any lower class. The saving accruing from the exercise of either of these options will remain at credit in the Personal Passage Account of the person or persons concerned and can be used towards meeting the cost or part of the cost of additional passage or passages engaged even in excess of the number of P. and O. 1st class B passages whose value has been credited to the Personal Passage Account concerned.

2. As the accounts are purely personal, the credit outstanding in the account of each person can only be utilised for the benefit of that person. Whenever any member of an officer's family dies or ceases to be eligible for the benefits under the Passage Regulations, his or her account should be closed by noting the word "Closed" and the reason therefor shown in Form 90. The balance, if any, in the account of a member of an officer's family when it is closed may not be transferred to the account of the officer or of any other member of his family. When the officer himself ceases to be eligible for the passage concessions, the whole set of accounts of that officer and of his family should also be closed after due time has been given for advantage to be taken of the benefit permissible under Regulations 7 and 12. Any credit outstanding in the account lapses.

3. *Procedure for engaging passages.*—The application for passage or passages will be made by the officer in Form Civil Account Code 2-B. If the officer is entitled (having due regard to the balance in the account of the person for whom the passage is claimed and to the provisions of Regulation 8) to the cost of the passages applied for, an authority in Form 91 will be issued to the officer. Form 91 will be printed in two foils, of which one should be kept as an office copy. The forms will be machine-numbered serially for each year and bound in books of convenient size. As these forms furnish authorities for payment, they should be carefully kept under lock and key in charge of the Superintendent, Gazetted Audit Department.

NOTE 1.—Return passages may be applied for and authorised in the manner indicated above except in cases in which an officer is proceeding on leave, at the end of which he is due to retire or declare his intention to do so, when he is entitled to single passages only.

NORM 2.—The Steamship Companies, named below have agreed to grant to passengers travelling under the Passage Concessions free conveyance of personal baggage in accordance with the following scales:—

(a) P. & O. S. N. Coy.—For the officer—7 Cwts.

For his wife 5 „

For each child 1 „

The cwt. being regarded as equivalent to 5 cubic feet.

(b) B. I. S. N. Coy.— Do. do.

(c) Orient steam Navigation Company Do. do.

(d) Anchor Line Do. do.

(e) Ellerman City Line—For officer—7 cwts.

For his wife 5 „

For his children—3 cwts.

(f) Hall Line Do. do.

(g) Bibby Brothers & Company—

For the officer 7 cwts.

For his wife 5 cwts.

For each child 1 cwt.

The cwt. being regarded as equivalent to 5 cubic feet.

(h) Patrick Henderson & Company—

For the officer 7 cwts.

For his wife 5 cwts.

For each child 1 cwt.

The cwt. being regarded as equivalent to 5 cubic feet.

The allowances mentioned above need not be entered in the Passage Certificate (Form 91) issued to *Les* Commission passengers travelling by the steamers of the Companies mentioned at (a), (b), (c), (g) and (h) above so long as the scale of baggage allowance fixed by these Companies for ordinary passengers travelling by their steamers is higher than the above mentioned scale.

NOTE 3.—Officers and their families, when travelling as concession passengers by vessels of the under-mentioned companies in a lower class of accommodation than that appropriate to their status, are allowed the free conveyance of baggage up to twice the Company's ordinary allowance for the class of accommodation in which they travel.

If it is not known, at the time of the receipt of application for concession passages, in what class of accommodation the officer or his family proposes to travel, provision should be made for alternative rates of baggage allowance in Form 91.

(i) The Ellerman Line.

(ii) The Anchor Line.

NOTE 4.—In the case of children who are carried at half or quarter fare, for whom no scale of Government allowance of baggage has been laid down, double the Company's allowance for such children will be admissible. No baggage allowance will be admissible to children who are carried free.

4. On receipt of the authority in Form 91, the officer will forward it to the Steamship Company or the Agent through whom he wishes to engage the passage or passages. If the passage is engaged through a Passenger Agent that Agent will send the authority in Form 91 to the Steamship Company or the Agent of that Company, with whom the passage is booked. In respect of all passages, whether booked direct or through an Agent, the Steamship Company or the Agent will then present a bill to the Audit Officer concerned for payment, and will send the authority in Form 91 along with the bill, explaining the difference, if any, between the claim and the authority.

“ Note :—The procedure prescribed in Rules 3 and 4 above is equally applicable to cases of passages taken by air, *i.e.*, such air passages will be booked on the authority of the certificate of eligibility (in Form 91) obtained from the Audit Officer concerned. The Audit Officer will see that the sanction of the Government of India permitting the officer to travel by air exists before issuing the requisite authority. ”

5. *Payments of cost of passages.*—The Steamship Company or the Agent of that Company or the Passenger Agent will present weekly consolidated bills to each Audit Office for payment, showing clearly :—

- (1) The name of the Steamship and also of the Agent, if any, through whom the passage was booked.
- (2) The names of ports between which the passages are engaged (including the journey by land between port and port, if any, covered by the Steamship Company's ticket).
- (3) Class of accommodation.
- (4) Date of sailing.
- (5) Cost of passage, single or return, in sterling for each person separately, *viz.*, for the officer, his wife and each child (with names of wife and children and age and sex of each child).
- (6) Amount in sterling, if any, paid by the officer himself as excess over the amounts authorised in Form 91.
- (7) Balance claimed in sterling.
- (8) Equivalent of (7) above in rupees.
- (9) Rate of exchange adopted.
- (10) Net amount claimed in rupees.

The rate of exchange at which Sterling fares will be converted into rupees will be 1s. 6d. the rupee; provided that, if it should ever be found by actual experience that the market rate of exchange exhibits material fluctuations, the Government of India will be prepared, on request, to consider the advisability of reverting to the system of taking the market rate instead of the fixed rate of exchange of 1s. 6d.

NOTE.—In the few cases in which the fares are quoted by a Steamship Company in rupees without any reference to sterling, only the rupee amounts may be shown in the weekly bills.

6. If a claim presented by the Steamship Company or by the Agent of that Company or by the Passenger Agent is correct and in order, and is supported by the authority in Form 91 and, in the case of Passenger Agent, by the certificates prescribed in Government of India, Finance Department, Circular letter No. F.-68-C. S. R.-25, dated the 22nd December 1925, as modified by Government of India, Finance Department, letter No. F.-8-VII-C. S. R./27, dated the 25th May 1927, payment will be made direct to the Company, or to the Agent of the Company or to the Passenger Agent, intimation being at the same time sent to the officer in Form 93. If the officer has left India, the intimation will be sent to him to his Home address, if that be known, or otherwise to him care of the High Commissioner. The actual amount paid to the Steamship Company or to the Agent of that Company or to the Passenger Agent in rupees will be debited to General Revenues (see rule 21 below), while the sterling

value of the payment made on account of each passage will be entered in the column "Amount admissible and total payment" under the beneficiary concerned in the Personal Passage Account.

NOTE 1.—Bills for passages will be payable on presentation in the manner prescribed above, provided that no bill will be payable earlier than on the 1st day of the second month preceding that in which the passage is to be used. When a bill is submitted to the disbursing officer before it falls due for payment under this rule, it should be marked by the presenter as "Payable on the 1st day of.....", that is, two months prior to the month in which the passage is to be used.

NOTE 2.—For the convenience of the Steamship Companies and of Agents of those Companies and of Passenger Agents, their bills for passage or passages booked will be paid by the Audit Officer concerned by means of Demand Draft on the Imperial Bank of India which can be cashed on presentation at the local head office or the Branch concerned of the Bank.

7. The above instruction will cover cases in which the Steamship Company or the Passenger Agent issues in India on payment in India a through ticket to London including a railway journey from a continental port to London. In case, however, the officer obtains a passage to a continental port and makes his own arrangements for the railway journey from there to London, a certificate in Form 94 will be furnished to the officer, stating the maximum amount admissible for such railway journey under Regulations 8 and 12. Form 94 will be printed in two foils and will be machine-numbered like Form 91, *vide* paragraph 3 above. The certificate in Form 94 will be presented by the officer in support of his claim for the railway journey to the High Commissioner.

8. An application for a passage may be made to the High Commissioner. Such application must be accompanied by a certificate from the Audit Officer concerned in India stating the amount in the Personal Passage Account at credit of each person for whom a passage is to be taken. This certificate will be furnished by the Audit Officer in Form 92 to the Officer, who should ask for it in sufficient time before he wishes to apply to the High Commissioner. On receipt of an application supported by certificate in Form 92, the High Commissioner will be responsible for furnishing the applicant with the necessary passage voucher stating the maximum cost of the passage which may be engaged for each person from General Revenues, for making payments to the Steamship Company or to the Agent of that Company or to the Passenger Agent for the cost of the passage, for intimating the same to the officer concerned and for disposing of and paying the claim, if any, for the railway journey to India. The High Commissioner will send to the Audit Officer concerned in India a statement in respect of every payment made by him constituting a debit against a passage account, a statement of refunds, if any, received by him for credit to passage accounts and also a copy of any intimation received by him from the officer as to the non-utilisation of the passage voucher issued by the High Commissioner or the cancellation of a passage engaged on such passage voucher.

9. All payments made by the High Commissioner in respect of passages or of railway fares will be passed on by him through the Remittance Account to India for final record in the Indian books and also in the Personal Passage Accounts. In the latter the sterling payments only need be recorded as indicated in paragraph 6 above. In the former all payments will be recorded in rupees, the sterling payment being converted at the average rate of exchange mentioned in Article 346 of the Account Code. The consequential gain by

exchange will be taken to the deposit head "Exchange on Remittance Accounts" and will be merged in the net balance under that head which will be dealt with in accordance with Article 347 (ii) of the Account Code.

NOTE.—The Remittance Account will show the details of the amounts paid for each person separately distinguishing between payments for passages and payments for railway fares, and will also mention in connection with debits on account of payments for passages the name of the Steamship Company and the Agent (if any employed) and of the steamer.

10. *Reconciliation of the Personal Passage Accounts with the books.*—A Register of Sanctions and Payments will be maintained in Form 95. This register will be opened afresh each year and space should be left at the beginning in which can be recorded any sanction accorded in the preceding year and not acted on by the end of May in the current year.

NOTE 1.—The date on which an officer must compulsorily retire from service, whether on the attainment of a prescribed age or on completion of a prescribed length of service, and also the date of actual retirement should be noted in the register. If an officer at the time of proceeding on leave declares his intention of retiring from service, the fact should be noted in the register in the remarks column so that the audit office can see that single passages only are issued in such cases.

If no such declaration is received but the officer obtains return passages whether for himself or for any member of his family, and retires on the termination of leave, the Audit Officer should watch for the return of the unused halves of the return tickets.

NOTE 2.—The Audit Officer should see that an officer who has obtained return tickets for any member of his family makes a declaration that the return halves of the tickets have actually been utilised.

When an officer obtains a return ticket either for himself or for any member of his family, an entry should be made in a subsidiary Objection Book which should be opened for this purpose. The item in the Objection Book should be cleared on receipt of the charge report of the officer concerned on his return to duty in India or on the receipt from him either of the unused half of the ticket or of a declaration that the return half has actually been used. There is no need to place any amount under objection.

NOTE 3.—The Audit Officer should arrange to make recoveries from the officers concerned in the following circumstances:—

- (a) When an officer, who takes return passages and retires on the termination of the leave, actually utilises the return half of the ticket, the cost thereof should be recovered,
- (b) when an officer who does not return to duty actually uses the return ticket or tickets for the journey back to India, the cost of the return ticket or tickets should be recovered, unless the Governor General in Council is satisfied that the officer was prevented by circumstances beyond his control from returning to duty, and
- (c) when an officer who obtains a return passage from the High Commissioner for a short spell of duty prior to retirement does not actually join duty, the entire cost of the return passage, or the cost of the journey to India only, should be recovered according as the return half of the ticket is or is not used.

11. As soon as an authority in Form 91 or a certificate in Form 92 is issued, entries will be made in columns 1 to 3 and 6 to 8 of the register in Form 95. The entry in column 2 will be first the name of the officer and next the names of the members of his family for whom the request is made.

If intimation is received direct or through the High Commissioner as to the non-utilisation of an authority in Form 91 or cancellation of a passage engaged, the fact shall be clearly noted in the register against the entries concerned and also in the remarks column of the Personal Passage Account.

If intimation is received from an officer as to the cancellation of a passage the cost of which has been paid to the Steamship Company or to the Agent of that Company or to a Passenger Agent, the Audit Officer will forthwith apply to the Steamship Company or to the Agent of that company or to the Passenger Agent for a refund and will watch that the amount of refund due is deducted by the Steamship Company or by the Agent of that Company or by the Passenger Agent from their next week's bill.

NOTE.—The above procedure will also be followed in cases in which unused halves of return tickets are returned to the Audit Officer.

12. When a payment is made to the Steamship Company or to the Agent of that Company or to the Passenger Agent, the necessary entries will be made in the register in Form 95 in columns 4, 9, 10, 11 and in the column for the month in which the advance or payment is made.

Payments made by the High Commissioner when communicated through the statement mentioned in Rule 8 or the Remittance Account will be similarly entered in this register, the "Actual payment in rupees" being noted in the column for the month in which the transaction is recorded in the Indian books and the month of the High Commissioner's account being noted in column 11 instead of the voucher number and date.

Officers claiming passages should be asked to intimate the date of embarkation for entry in column 5 of the register as soon as possible after embarkation.

13. Payments for passages, or for a railway journey, if any, should be posted in the Personal Passage Account from the register in Form 95, each posting being initialled by the Superintendent in both registers. The posting of these payments in the Personal Passage Accounts is of the utmost importance, and it is essential that they should be made correctly and without any delay.

14. The refunds, if any, effected in India under the last sub-paragraph of rule 11 above, and similar refunds appearing in the Remittance Account will be posted as *minus* entries in the Register of Sanctions and the Personal Passage Account, and will be treated as *minus* expenditure under the head to which the cost of passage was debited (*see* rule 21 below), unless they relate to passages for which payment was made in previous years, in which case the recoveries should be adjusted as receipts. In the case of such refunds appearing through the Remittance Account, the conversion into rupees will be effected at the rate of exchange which was adopted in the conversion of the original transaction in respect of which the refund is made, the gain or loss by exchange being adjusted as in paragraph 9 above.

NOTE.—For purposes of the adjustment of refunds, the amount due to Government, after deduction of the amount, if any, paid by an officer himself, should be taken into account.

14-A. If an officer who has taken a return ticket under the passage regulations is recalled to duty before the expiry of his leave in circumstances entitling him to a free passage (*vide* F. R. 70) and if he uses the return half of the ticket for his return journey, half the original cost of the return ticket for the double journey should be deducted from the claim, if any, for travelling expenses preferred by him in respect of his return journey, and credited to the head to which the cost of the whole passage was originally debited (*see* Rule 21 below).

The necessary *minus* entries should also be made in the Register of Sanctions and Payments and the Personal Passage Account of the individual officer.

14-B. If an officer, who proceeded on leave out of India and availed himself of passages under the Passage Regulations is, on the expiry of his

leave, posted to a station other than the station from which he proceeded on leave, and if the cost or a portion of the cost of any sea journey between his old and new stations performed by himself and/or a member of his family was included in the amounts debited to the respective Personal Passage Accounts, such cost (limited to cost at 1st Class B. P. O. rates) or portion thereof will be deducted from the claim for travelling expenses, if admissible under the ordinary travelling allowance rules applicable to him, and credited to the head to which the cost of the original passages was debited. The necessary *minus* entries should also be made in the Register of Sanctions and Payments and the Personal Passage Accounts of the individuals concerned.

15. Any amount forfeited by the officer, as the result of cancelling a passage in circumstances which entitled the Steamship Company to claim such forfeiture, shall be debited to the Passage Account concerned.

16. At the end of each month the postings in the Personal Passage Accounts pertaining to that month should be extracted on a separate sheet which will be attached at the end of the register. The entries in this sheet will have to be agreed with the corresponding entries in column 9 of the Register of Sanctions and Payments.

17. *Deleted.*

18. *Procedure in cases of transfer.*—When an officer is temporarily transferred outside his own circle of audit, his Personal Passage Accounts will continue to be maintained by his old Audit Officer. But in case of permanent transfer a copy of his accounts and those of his family should be forwarded to the new Audit Officer along with the last pay certificate.

NOTE 1.—When the cadre of a service which is controlled by one Government includes a post under the control of another Government, an officer of that service holding the post may be treated as temporarily lent to the latter Government by the former. In such a case, the personal passage accounts of the officer and his family, if any, should continue to be maintained by the Audit Officer of the Government controlling the service.

NOTE 2.—The Personal Passage Accounts of all Chaplains of the Church of Scotland attached to regiments are maintained by the Accountant General, Central Revenues. [See also note 3 under rule 22(3).]

19. If an authority in Form 91, 92 or 94 has been issued and the officer is permanently transferred to another audit circle before payment on such authority has been made, a copy of such authority should be sent to the new Audit Officer, and the fact that this has been done should be noted across the Register of Sanctions and Payments against the entry or entries concerned. The new Audit Officer will enter such authorities in his Register of Sanctions and Payments, indicating in the remarks column the name of the Audit Officer who actually issued the authority. No further payments will be made or adjusted against such authorities by the Audit Officer who actually issued the authority. He will only pass on to the new Audit Officer for necessary action in accordance with the above instructions all further claims for payment or debits appearing in the Remittance Accounts or other information received in connection with such authorities. If a claim for payment preferred by a Steamship Company or by the Agent of a Company or by a Passenger Agent is passed on to the new Audit Officer in

accordance with this instruction, the fact of having done so should also be intimated to the Steamship Company or to the Agent of that Company or to the Passenger Agent at the same time.

20. *Officers in foreign service.*—In the case of officers in foreign service whose pay is fixed as the pay which they receive from time to time in Government service with or without an addition thereto in the form of a percentage of such pay or a fixed sum, recoveries will be made from the foreign employers at the rate of Rs. 50 per month to meet the cost of passages. These amounts will be credited to the receipt head appertaining to the department which lent the officer to the foreign employer, or where there is no such receipt head, to the minor head 'Collection of payments for services rendered' under the major head 'XXXV—Miscellaneous'.

On the analogy of Article 192, Audit Code, the contributions may be credited to the Government under whom the Government servant is permanently employed at the time of his transfer to foreign service.

The concessions when actually used may be classified in the same way as if the officer had been serving under the Government who received the contributions.

NOTE 1.—In the case of an officer to whom Regulation 8-B in Schedule IV to the Superior Civil Services Rules applies, the foreign employer is not required to make any contribution towards passage.

21. *Head of Account to which cost of passages should be charged.*—The cost of the passages will be charged in the accounts under the head "Allowances, honoraria, etc.", relating to each major or minor head, a separate detailed head "Cost of passages granted under the Superior Civil Services Rules" being opened for the purpose of recording these charges.

22. The rate of foreign service contribution shall be adopted as the basis for assessing the liability of different Governments under whom an officer entitled to passage concessions may be employed, the actual method being as follows :—

- 1) The liability of a Government for the passage of an officer entitled to passage concessions, shall be taken (for the present) at Rs. 50 per month.
- (2) When an officer belonging to one Government is temporarily deputed to service under another, the borrowing Government will be required to pay a contribution to the lending Government, calculated at the rate referred to in Rule 22 (1) above, for the period of service, including leave, rendered by the officer under that Government. The calculation of the total amount payable by the borrowing Government may be made at the end of the service or at the end of the financial year, whichever is earlier, and the adjustment may then be made in one lump sum. The cost of all passages taken by the officer will continue to be borne by the lending Government.

NOTE 1.—The contributions payable should be recorded in the books of the borrowing Government under the head "Contributions for passages of officers transferred to or from other Governments, Departments etc., " to be opened under the primary unit "Grants-in-aid, contributions, etc.," relating to the minor or

sub-head to which the passages would have been debited had the officers been in the permanent employ of that Government, and in the books of the lending Government under the receipt head appertaining to the department from which the officer is deputed, or where there is no such receipt head, under the minor head 'Collection of payments for services rendered' under the major head 'XXXV—Miscellaneous'.

NOTE 2.—In the case of Indian Service Military Officers who are in temporary civil employ, a civil Department or Government is required to make a contribution to the Military Department at the above rate for each officer employed by it for the period during which he is so employed. Payments in respect of officers on whose behalf recoveries are not already being made should start with effect from 1st November 1928.

N. B.—The expression "military officer in temporary civil employ" includes officers who are temporarily attached to civil departments, etc., or appointed to civil posts of limited tenure, and who normally revert to military employ on the expiry of the period of attachment or tenure of the post, as the case may be; officers posted to General Duty and holding civil posts which are normally of limited tenure; and officers on probation in a civil department during the probationary period.

(3) When a Government servant belonging to one Government is transferred *permanently* to another, the adjustment between the two Governments may be made in accordance with the following rules:—

(a) The Government under which the officer was originally employed will be debited with an amount which is equivalent to the contributions calculated at Rs. 50 per month for the period of service (including leave) rendered by the officer to that Government.

In the case of an officer who was in service on 1st April 1924, the period of service rendered before that date will be neglected for the purpose of the above calculation.

NOTE.—The expression "period of service" in this clause includes any period of service under another Government in respect of which contribution has been received.

(b) That Government will be credited with an amount representing the cost of passages already taken by the officer while serving under it.

If (a) exceeds (b), the difference will be credited by the original Government to the second Government, and, conversely, if (b) exceeds (a), the difference will be debited by the original Government.

NOTE 1.—The amount of difference should be adjusted under the detailed head "Contributions for passages of officers transferred to or from other Governments," *vide* clause (2) above, in the books of the paying Government, and in the books of the receiving Government, it should be adjusted under the receipt head appertaining to the department to which the officer belonged or will belong, as the case may be, or where there is no such receipt head, under the minor head 'Collection of payments for services rendered' under the major head "XXXV—Miscellaneous."

NOTE 2.—An officer cannot be considered to have been transferred permanently from one Government to another until he is confirmed in a permanent post other than a tenure post under the latter Government.

NOTE 3.—Chaplains of the Church of Scotland attached to regiments are treated for the purpose of this rule as temporarily lent to the Army Department. See also note 2 under rule 18.

The cost of passages taken by the officer after the date of transfer will be charged to the second Government.

The above procedure will apply *mutatis mutandis* to adjustments between non-commercial and commercial Departments within the same Government, and also to adjustments within the Central Accounts between Civil and Military: provided that, in accordance with the note under Rule 5 of Appendix 10-A to this Code, the recoveries in these cases should be taken in reduction of expenditure, and not as revenue.

Instructions for the preparation of Appropriation Accounts and the Report of  
the Audit officer thereon.

## APPENDIX 17.

(See Art. 192-F.)

**Rules for the Exhibition of losses in the Government Accounts and in the Appropriation Accounts.****SECTION I.—RULES FOR THE GUIDANCE OF THE EXECUTIVE OFFICERS.**

I. *Budgeting*.—Provision for losses should not ordinarily be made in the budget. If, however, the nature of the work of a department is such that some losses must be regarded as inevitable each year, provision may be made, with the special sanction of the Finance Department in each case.

II. *Report of losses*.—With the exceptions noted below, any defalcation or loss of public money, departmental revenue or receipts, stamps, opium, stores, or other property, discovered in a Government treasury or other office or department, which is under the audit of the Accountant General, should be immediately reported to the Accountant General, even when such loss has been made good by the person responsible for it. It will usually be sufficient if the officer reporting the defalcation or loss to higher authority sends to the Accountant General either a copy of his report or such relevant extracts from it as are sufficient to explain the exact nature of the defalcation or loss and the circumstances which made it possible. When the matter has been fully investigated, a further and complete report should be submitted of the nature and extent of the loss, showing the errors or neglect of rules by which such loss was rendered possible, and the prospects of effecting a recovery. The submission of such report does not debar the local authorities from taking any further action which may be deemed necessary.

*Exception 1*.—In the case of Customs Revenue, (a) mistakes in assessments which are discovered too late to permit of a supplementary claim being made and (b) under-assessments which are due to the interpretation of the law by the local Customs authority being overruled by higher authority more than three months after the assessment was made need not be reported to the Audit Officer. Such cases should, however, be examined by the Audit Officer at the time of audit.

*Exception 2*.—Petty cases, that is, cases involving losses not exceeding Rs. 200 each, need not be reported to the Accountant General unless there are, in any case, important features which merit detailed investigation and consideration.

NOTE 1.—Losses or deficiencies concerning buildings, lands, stores and equipment should be written off any value or commercial account that may be maintained.

NOTE 2.—In the case of departments where accounts have been separated from audit, a special procedure for report of losses to Accounts and Audit officers may be prescribed by departmental authority after con-

“Heads of Departments should submit annually to the Principal Auditors concerned statements showing the remissions of revenue and abandonments of claims to revenue sanctioned during the preceding year by the competent authorities in exercise of the discretionary powers vested in them otherwise than by law or rule having the force of law”.

should be classified broadly with reference to the grounds on which they were sanctioned, and a total figure should be given for each class. A brief explanation of the circumstances leading to the remission should be added in the case of each class.

NOTE 1.—A local Government may make rules defining remissions and abandonments of revenue for the purpose of this rule, and may, after consultation with its Public Accounts Committee, fix monetary limits below which individual remissions need not be included in the statements.

NOTE 2.—Where the administrative year does not coincide with the financial year, the figures of the former may, if this prove convenient to the departmental authorities, be given in the statements.

NOTE 3.—This rule does not apply to Railways and Indian Posts and Telegraphs Departments, but see also Note to Rule III of Section II-B.

## SECTION II.—RULES FOR THE GUIDANCE OF THE ACCOUNTING AND AUDIT OFFICERS.

### *A.—Initial Accounts.*

I. *Receipts*.—(a) If a claim be relinquished, it is not to be recorded on the expenditure side as a specific loss.

(b) If, however, money due to Government has actually reached a Government servant and is then embezzled, stolen or lost, even though it may not have reached the treasury and thus have passed into the Government account, it should be brought into the Government account as a receipt and then shewn on the expenditure side by record under a separate head as a loss.

NOTE 1.—Where losses of public money are wholly or partially met by non-issue of pay or pension and the accounting department authorisably applies the unissued amount to meet the public claim, the resultant balance of the claim should alone be treated as a loss, the emoluments due being charged to the pertinent head of account as if they had been drawn and used by the Government servant concerned in paying the public claim.

NOTE 2.—The term 'Government servant' used in this rule includes persons who, though not technically borne on a regular Government establishment, are duly authorised to receive money on behalf of Government.

II. *Buildings, lands, stores and equipment*.—Losses or deficiencies need not be recorded under a separate head in the accounts, though they should be written off any value or commercial account that may be maintained. If any transactions under these categories are recorded under a suspense head in the Government accounts, losses or deficiencies relating thereto must be written off the suspense heads also.

III. *Cash in hand, whether in treasuries or as imprest with Government servants*.—All losses or deficiencies should be recorded under separate heads in the accounts.

NOTE 1.—The acceptance of counterfeit coins or notes is regarded as a loss of cash.

NOTE 2.—Any recovery made in the course of the year in which the losses are brought to account is to be shewn by deduction from the head under which the loss is recorded. Any recovery made after the accounts of the year are closed shall be shown as an item of receipt.

IV. *Irregular or unusual payments* should be recorded in the account with general reference to the ordinary rules of classification according to the nature of the expenditure; for example, an overpayment of pay will be debited to the head "Pay". Similarly, an excess payment for bricks manufactured will be debited to the work for which the bricks are used. It is only when

special heads exist in the accounts for recording such charges as compensations for damages, irrecoverable temporary loans written off and the like, that unusual or extraordinary payments will be separately recorded.

V. Where losses are an inevitable feature of the working of a particular department, the major head of account under which the expenditure of that department is recorded should contain separate descriptive heads under which such losses may be recorded.

### *B.—Appropriation Accounts.*

I. Where losses or deficiencies are recorded in the initial accounts they will automatically appear in the Appropriation Accounts also.

II. Where losses or deficiencies are not recorded in the initial accounts, they should, if important, be mentioned in the notes under the Appropriation Accounts: provided that individual cases of losses under the main revenue heads shall not be mentioned in those notes unless the list of extra-statutory remissions and abandonments of claims to revenue which is submitted to the audit officer suggests the desirability of offering general remarks on the subject.

NOTE.—In the case of losses of stores, the test of importance should be the *net* value after crediting any sums recovered, and not the gross value of the stores lost. Small losses by fire, or in transit, or in other circumstances beyond the control of any responsible person need not be mentioned in the account; but a heavy loss will probably lead to an increased charge and consequently a note explaining the charge may become necessary.

III. The principal types of irregularity, which should form the subject of audit comment, are mentioned in the instructions issued by the Auditor General for the preparation of the Appropriation Accounts and the Reports thereon, *vide* Appendix 16.

NOTE.—All important cases of remissions and abandonments of claims to revenue in the Railways and Indian Posts and Telegraphs Departments above a certain fairly high monetary limit to be fixed by administrative authority should be mentioned individually in the report on Appropriation Accounts.

## SECTION III.—AUDIT PROCEDURE.

The submission of the returns mentioned in Rule III of Section I of these rules does not in itself connote any extension of the powers of the Audit Department for the audit of receipts. The Accountant General will not audit the exercise of the power of sanctioning writes-off by various authorities as indicated in the returns without a specific order under Rule 12 of the Auditor Generals Rules.
